MEMORANDUM.

Through an error Mr. R. M. Milne was allowed in October, 1922, to secure a homestead entry for the North West quarter of Section 34, Township 28, Range 28, West of the 4th Meridian. It was immediately discovered that this land formed part of the C.P.R. grant and Mr. Milne's entry had to be cancelled. On advice to Mr. Milne he filed a caveat against the quarter section.

The Department endeavoured in every way to assist him to find some other suitable location but up to the present has been unsuccessful.

Mr. Milne asked to be allowed to locate on a quarter section which was formerly reserved in connection with the Indian Industrial School at Dunbow. This privilege could not be extended to him in view of your memorandum of the 4th instant, hereunder marked, that these lands are to be transferred to the School Lands Endowment chargeable to their exchange account.

Messrs. Ewart, Scott, Kelley and Kelley, Barristers, are pressing to have the caveat registered by Mr. Milne withdrawn.

If you will now refer to your memorandum of the 12th instant to the Deputy Minister on file No.64274 No.2, (marked) you will note that the question of the disposal of lands in the Morleyville Settlement, Alberta, is under consideration and that Inspector J. W. Martin is to be requested to look into the matter and furnish a report setting forth what, in his opinion, would be suitable terms and conditions on which the lands might be again advertised for leasing by tender.

I would now suggest that Mr. Martin also be instructed to furnish a report as to whether an area of these lots equivalent to a homestead entry is suitable for homesteading and whether in his estimation it would be advisable to allow Mr. Milne to exercise his right of entry on the land in question.

Respectfully submitted,

J. W. Greenway, Esq.,

Sir.

Parts Lots 7 and 8, Morleyville Settlement,
Alberta, containing 1423.86 acres, more or less.

I beg to inform you that the lease issued to
Mr. Frank de Burville on the 5th June, 1922, covering the
above described property has been cancelled on the under-
standing that the lessee will be held liable for payment of
the second year's rental of \$750.00.

A copy of the specifications calling for tenders
for lease is attached for your guidance in connection with
the report called for below.

Before taking any steps to dispose of this land,
I am to request that you look carefully into this matter and
furnish this Department with full information in the nature
of a report setting forth what, in your opinion, would be
suitable terms and conditions on which the lands might be
again advertised for leasing by tender.

One, R. H. Milne, was allowed in October, 1922,
to secure homestead entry for the North West quarter of
Section 34, Township 28, Range 25, West of the 4th Meridian,
in error, in view of the fact that the land formed part of
a C.P.R. grant. Mr. Milne's entry was cancelled and he then
filed a caveat against the land. Since that date the De-
partment has been endeavouring to locate a suitable quarter
section for Mr. Milne with a view to satisfying him on account
of the error made and also with a view to having the caveat
de-registered.

It is assumed that possibly an area in these
lots consisting of approximately 160 acres would be suitable
for a homestead and I am to request that you advise the
Department if such is the case and if, in your estimation,
it would be advisable to allow Mr. Milne to exercise his
right of entry on a portion of the land in question.

Your obedient servant,

Through an error Mr. R.M. Milne was allowed in October, 1922, to secure a homestead entry for the North West quarter of Section 34, Township 28, Range 28, West of the 4th Meridian. It was immediately discovered that this land formed part of the C.P.R. grant and Mr. Milne's entry had to be cancelled. On advice to Mr. Milne he filed a caveat against the quarter section.

The Department endeavoured in every way to assist him to find some other suitable location but up to the present has been unsuccessful.

Messrs. Ewart, Scott, Kelley and Kelley, Barristers, are pressing to have the caveat registered by Mr. Milne withdrawn.

The question of the disposition of certain lands in Morleyville Settlement, Alberta, is under consideration and Inspector J.W. Martin has been requested under date of the 15th instant to look into the matter and furnish a report as to whether 160 acres of these lands would be suitable as a homestead and if, in his estimation, it would be advisable to allow Mr. Milne to exercise his right of entry on a portion of the land in question.

Mr. Milne has not been advised of this action.

.....Under.....

Under date of the 9th instant Mr. Milne again wrote the Department asking that he be allowed to make entry upon the N. 1/4 27-21-28-W. 4th Meridian, formerly a part of the lands comprised in the St. Joseph's Indian Industrial School at Dunbow which were transferred to this Department by the Department of Indian Affairs and have since been transferred to the School Lands Endowment Charge Account.

Mr. Milne states that this half section is the only land that looks like something; that he could make good on it and that it is the only thing he has looked at that satisfied him.

Kindly advise me what information you desire to be furnished Mr. Milne in this regard.

The file relating to the settlement has been reported as being in the hands of the Surveyor General and the information required by the Department is being furnished.

I beg to acknowledge the receipt of your letter of the 9th ultimo addressed to the Agent of Dominion Lands at Calgary who has forwarded it to the Department.

You have already been advised that the N.W. 27-21-28-W. 4th Meridian which you expressed a wish to secure, has been transferred to School Lands Endowment account and is not available for settlement purposes.

I am, however, to inform you that Sec. 6-27-14-W. 4th Meridian, has recently been withdrawn from a reservation for dipping vat purposes, and under the circumstances, it has been decided to allow you a period of thirty days within which to make homestead entry for any one of these four quarter-sections. The Agent will allow you an entry provided you submit to him satisfactory evidence that the caveat which you have caused to be registered against the N.W. 34-28-28-W. 4th Meridian has been withdrawn.

Kindly note that should you fail to exercise the privilege of making entry for one of these four quarter-sections within the thirty days allowed you, the lands will be made available for settlement by posting for ten days in the usual manner.

Mr. Hume.

Lots 7 & 8, Morleyville Settlement.
.....

These two lots were released by the Department of Indian Affairs to this Department by Order-in-Council of the 4th January, 1920, and were later advertised for leasing.

A lease was subsequently granted, which has been abandoned by the lessee, and it was decided that Inspector J.W. Martin should look into the matter and furnish a report setting forth what, in his opinion, would be suitable terms and conditions on which the lands might be advertised for leasing by tender. Inspector Martin was also asked to report whether 160 acres of the area in question, total of 1425.56 acres, might be set aside to satisfy certain claims of Mr. R.M. Milne, who had been, through an oversight, granted entry upon patented land and his entry had, therefore, subsequently been cancelled.

Inspector Martin now reports as follows:-

"With reference to securing an area of 160 acres out of these Lots to satisfy the claim of Mr. R.M. Milne it might be mentioned that the above lots are of little value for agricultural purposes and I am of the opinion that this gentleman would not select any portion containing 160 acres in lieu of the land released by him. These lots are strictly grazing lands and of little value for anything else.

"It would be advisable to have someone secure some benefit from the use of these lands and for the Department to secure some revenue therefrom, and I would suggest that they again be put up for tender this year, and as early as possible.

"The upset rental price placed upon these lands when previously put up for competition was much too high for this class of land and if disposed of in this manner this year it is thought that

...an...

"an upset price of not more than \$100.00,
"preferably \$75.00, is sufficient to be
"placed on same.

"The previous terms as to length
"of lease etc. should be entirely satisfactory.

"The successful tenderer should be
"required to satisfy the Department within
"ninety days that he has at least 30 head of
"stock of his own on the land and 60 head at the
"end of the first year. 100 head should be the
"minimum at the end of the second year and he
"should maintain at least 100 head thereon
"annually thereafter.

"The balance of the terms constituting
"the previous lease should be quite satisfactory".

You may, therefore, consider it unnecessary
to give further consideration towards the setting apart of
160 acres of these lots to satisfy Mr. Milne's claim.

With reference to the leasing of these
lots you may wish to refer file No. 64274#2 to Mr. Cote.

Files 4798355, 3246211, 4798357, 4798351
and 66952 are herewith in view of the fact that they have
been referred to when dealing with Mr. Milne's case, and I
would ask if you would kindly have them returned to Mr.
Scott.

Referring to your letter of the 25th of March last addressed to Robert M. Milne, Crossfield, Alta., I beg to say that as he failed to make application for a quarter of Section 6-27-14 N. 4th Mer. this land was posted for settlement on the 26th ultimo.

I might say for your information that I have ascertained from the Land Titles Office here that the caveat registered by Mr. Milne against the N.W. 1/4 34-28-28 N. 4th Mer. has not yet been withdrawn, but there does not appear to be any available land in this district at the present time which would be any inducement to Mr. Milne in effecting a settlement of this matter.

Question - - - Disposition of Land.

This quarter-section was reserved some years ago for hay purposes in connection with the requirements of the Indian Industrial School at Dunbow.

The Department of Indian Affairs a short time ago transferred to this Department certain lands formerly held by that Department for the purpose of this Industrial School and these lands were later placed to the credit of School Lands Endowment Charge Account.

This half quarter-section never having been definitely referred to the Department of Indian Affairs was not included in the transfer to this Department and was not dealt with when the general action occurred.

The Agent of Dominion Lands, however, called attention to the matter and asked if there would be any change in the disposition.

The different Branches of the Department report this land as clear with the exception of the reservation for hay purposes on Head Office file hereunder, and the Department of Indian Affairs report that the land is no longer required by them.

You may, therefore, consider that this parcel should also be added to School Lands Endowment Charge Account in order to place the full quarter-section to the credit of that account.

A Homestead Inspector's report was asked for and he has reported the value as \$10.00 an acre and that the land is suitable for stock homestead with

ten acres.....

ten acres fit for cultivation.

I would, however, refer to the fact that a Mr. R.M. Milne was granted an entry in error on the 14th October, 1922. The entry subsequently had to be cancelled and the Department has been endeavouring to secure another quarter-section elsewhere acceptable to Mr. Milne.

Section 6-27-14-W. 4th Meridian, was a short time ago released from the reservation for dipping vat purposes and Mr. Milne was given an opportunity of selecting any one of the four quarter-sections, but according to the Agent's letter of the 3rd instant he failed to avail himself of the privilege and the four quarter-sections were posted for settlement purposes. (f.c. - 1000000)

You may possibly consider offering this half quarter-section to Mr. Milne and should he fail to avail himself of the privilege, that the same be added to the School Lands Endowment Charge Account.

I would, also, suggest that the reservation for hay purposes may immediately be cancelled in order that the records may be cleared as far as this reservation is concerned.

Memorandum:

As suggested by the Commissioner's office this note was placed on file to show that enquiry was made verbally at the Department on behalf of the Canadian Pacific Railway Company by the firm of Messrs. Ewart, Scott, Kelley and Kelley and Company, Barristers of Ottawa.

The position of the case was fully explained, and it was suggested to Mr. Scott that possibly the Company might prefer to relinquish this land as it is on the extreme border of the irrigation tract, and apply for land of equal value elsewhere. Mr. Scott stated that he would take this point into consideration and advise the Department later when he had communicated with the Western officers of the Company.

Mr. Mr.

Re N. W. 24--23--28 A. St. N.

Please see Mr. McIntyre's letter of the 1st inst. a reference to the N. W. 24--23--28 A. St. N. on file 214177, herewith.

Very respectfully,
J. H. McLeod, Esq.

J. H. McLeod, Esq.

Every effort has been made in the interval to assist Mr. Milne in getting other land (see Deputy Minister's letter to Mr. J.T. Shaw, L.R., dated 31st January, 1933). The Agent was authorized to send out a Homestead Inspector to assist Mr. Milne in making a suitable selection.

A caveat, filed by Mr. Milne after the cancellation of his entry, is still recorded against the land, and the Canadian Pacific Railway have been refusing to have this caveat removed. The Department has been unwilling to take any legal course in order to cancel the caveat.

From time to time Mr. Milne has applied for, or has been offered, various parcels of land as follows:-

Section 30-13-34-4th N. (12th June, 1933) Mr. Milne was offered prior right of entry for either 160-acre quarters, but did not accept.

Mr. Milne then asked to be allowed to take a quarter in the tract formerly reserved for the St. John's Indian Industrial School at Sarnia, at this time please see Deputy Minister's letter, L.R., dated 12th February, 1933.

Sections 13-14-34-4th N. and 14-15-34-4th N. were also offered to Mr. Milne, but he did not accept.

In February 1933, Mr. Milne applied for the 14-17-34-4th N., (Sarnia Indian Industrial School). As these lands had been transferred to the School Board, Mr. Milne was informed that they were not available for him.

Section 14-18-34-4th N., was offered to Mr. Milne from which he declined to take a quarter.

On the 12th July 1933, the Agent at Calgary reported that there was still no prospect of Mr. Milne obtaining land in his district which Mr. Milne would accept.

From the foregoing it will be seen that the Department has made every effort to assist Mr. Milne in getting another quarter of land, but the only one which occurs

to me at the present time is that he might be given authority to select a vacant and available quarter-section of Dominion lands anywhere and, upon making homestead entry for the same, that he be permitted to earn patent by performing the residence and cultivation requirements for two years only. This offer to be conditional upon the immediate removal of the caveat.

Respectfully submitted,

MEMORANDUM:

Mr. Cory

Please see the letter of Mr. Hugh McIntyre of Crossfield, Alberta, dated the 15th of December last, your reference 6618, this office reference 222, in connection with which you ask for a report. Also, please see Mr. Hume's memorandum of the 3rd ultimo on File 719177, herewith, setting forth the details of the case.

Mr. Milne had little ground, if any, for complaint in the matter as the entry was granted to him in error and was almost immediately cancelled with notice to him, and before there was any opportunity for him to expend time or money on the land. He appears to be in a rather antagonistic frame of mind and does not seem to be disposed to accept the help which the Department has been offering him, even though his claim, as above stated, did not amount to much.

Accordingly, I am in sympathy with Mr. Hume's suggestion and would recommend that he be given authority to select a vacant and available quarter-section of Dominion Lands anywhere, and upon making homestead entry therefor, he be permitted to earn patent by the performance of residence and cultivation requirements in two years only, such offer to be conditional, upon his immediately withdrawing the caveat which he has been maintaining in registration against the N.W. 34--28--28 T. 11th N.

Acting Commissioner.

Ottawa, Ontario,
3rd March, 1926.

Dear Mr. McIntyre,-

I have taken up with the Department the representations contained in your recent letter with respect to the case of Mr. R.M. Milne, and I am told that through a misunderstanding, our agent of Dominion Lands, Calgary, posted the North West quarter of Section 34, Township 28, Range 20, east of the 4th Meridian, for entry overlooking the fact that the land was in the Canadian Pacific Railway Irrigation tract.

Mr. Milne was started homestead entry for the land by our agent on the 14th October, 1922, and immediately upon it coming to the attention of the Department, our agent was instructed by wire that Mr. Milne's entry could not stand. It would seem that our agent notified Mr. Milne to this effect on the 21st November, which was slightly over a month after the date of entry and the entry fee was refunded in due course.

From time to time the Department has offered Mr. Milne various parcels of land; in fact some of these parcels were lands for which he had made application but for some reason unknown to us he failed to make the necessary entry.

Mr. Milne intimated to the Department that he would be willing to accept a quarter section in the tract formerly reserved for the St. Joseph's Indian Industrial School at Sunbow, but the Department was unable to grant his request as these lands had been transferred to the School Lands Endowment and could not be granted under homestead entry.

Yours faithfully,
Hugh McIntyre, Esq.,
Crossfield,
Alberta.

The....

The Department has made every effort to assist Mr. Milne in getting another suitable location and while we are under no legal obligation to make any further concession, it has been decided to give Mr. Milne authority to select any vacant and available quarter section of Dominion lands and upon making homestead entry for the same, to permit him to earn patent by the performance of residence and cultivation requirements for two years only.

This offer is conditional upon Mr. Milne withdrawing within thirty days from the date of the departmental letter, the caveat which he has been maintaining in the Land Titles Office against the North West quarter of Section 34, Township 28, Range 28, West of the 4th Meridian.

Furthermore, it will be necessary for Mr. Milne to exercise the authority which is granted to him within one year from the date of the departmental letter.

Sir,

Adverting to the Departmental letter to you of the 25th March, 1924, in the matter of the homestead entry obtained by you in error for the NW $\frac{1}{4}$ 34-28-28-W.4th M., I beg to say that a communication was recently received from Mr. Hugh McIntyre, Crossfield, on your behalf, and it has been decided that although every effort has been made to assist you in securing another suitable location, and although the Department is not under any legal obligation to make a further concession, you may be granted authority to select any vacant and available quarter section of Dominion Lands in Manitoba, Saskatchewan, Alberta or the Peace River Block in the Province of British Columbia, and upon making homestead entry for the same, you may be permitted to earn patent for the land by the performance of residence and cultivation requirements during two years only instead of three years as in the case of an ordinary homestead entry, that is to say, the performance of residence duties for not less than six months in each year for two years and the breaking of not less than 40 acres of which 20 acres is required to be sowed in the second year of the performance of duties. If the land is difficult to break for any reason, no action in the area could be obtained under the Regulations.

This offer is conditional upon your withdrawing within thirty days from this date the caveat lodged by you in the Land Titles Office at Calgary against the quarter section above described.

Furthermore, it will be necessary for you to make such entry within one year from the date of this letter, and you would of course be required to make payment for any improvements or seed grain indebtedness charged against the land which you take up.

If this offer is accepted by you, kindly notify me as soon as the caveat has been withdrawn, upon which the necessary instructions will be issued in respect of the performance of settlement conditions in connection with the homestead entry to be made by you upon the authority of this letter.

MEMORANDUM.

M.W.† 34-28-28-W.4th M.
D.M.'s Reference 6979.

This case was up for consideration recently and it was decided that on account of the fact that the Department had to cancel Mr. R.M. Milne's entry for the above described quarter section, the land having been posted in error, he might be allowed to select a quarter-section anywhere as a homestead and earn patent by performing duties for two years only instead of three.

Mr. Hugh McIntyre, who has been writing on behalf of Mr. Milne, now replies but his reply is not very definite. His letter might be summarized as follows:-

1. Mr. Milne suffered considerable financial loss by the Department cancelling this entry as he had to pay man high money to hold position at the Land Office door, and also lost employment by being absent therefrom.

2. Mr. Milne contends that none of the land offered him by the Department was suitable and takes objection to the statement made in the Deputy Minister's letter of the 3rd instant that some of the parcels offered to Mr. Milne were lands for which he had made application.

3. Mr. Milne has purchased a quarter from the Soldier Settlement Board and knows of a certain quarter, not described, in the vicinity but has not yet inspected it. Mr. McIntyre enquires whether residence duties for a homestead taken in this way could be performed on the quarter-section purchased from the S.S.B.

On telephoning the Soldier Settlement Board I find that Mr. Milne's quarter appears to be the M.W.† 33-30-17-W.4th M., purchased for him by the Board in May last.

The only reply that could be made to Mr. McIntyre's enquiry would be that provided Mr. Milne is successful in securing homestead entry for a vacant and available quarter within nine miles of his purchased land, he could perform the residence duties for the homestead by living on the purchased land but all necessary improvements would have to be made upon the homestead itself.

Respectfully submitted,

Ottawa, Ontario,

Dear Mr. McIntyre,

In your letter of the 21st instant, renewing an appeal on behalf of Mr. J. J. J. in the matter of compensation for the loss of the North West quarter of Section 24, Township 22, Range 20, West of the 4th Meridian, to which he was entitled under a grant of an error on the part of the Department in issuing the land after the quarter section had been selected by the Canadian Pacific Railway Company in receipt of land subsidy.

This case has been carefully considered from time to time and on the 15th March, 1915, the Department advised Mr. J. J. J. that he would be given one year from that date to select any vacant and available quarter section of Dominion lands and that he would be allowed credit for one year's residence and cultivation duties in connection therewith. This offer, which seems very reasonable, would not appear to have been taken advantage of.

If Mr. J. J. J. is now desirous of availing himself of the offer referred to above and will so advise the Department arrangements will be made to grant him a reasonable time within which to select a quarter section of vacant and available Dominion lands on the understanding that he will surrender the caveat which he caused to be registered against title to the North West quarter of Section 24, Township 22, Range 20, West of the 4th Meridian.

In view of the recent transfer of the natural resources to the Province of Alberta it might be in Mr. J. J. J.'s interest to advise the Department of his intentions in this respect without delay.

Yours faithfully,

Wm. McIntyre, Esq.,

Sir,

I have your letter of the 7th instant, in further reference to the matter of compensation for the loss of your homestead entry for the N.E. 1/4 34-28-20-5.4th Mer., in pursuance of which you request to be advised whether you could be permitted to select either the N.E. 1/4 or the N.E. 1/4 31-28-18-5.4th Mer.

I may say, in reply, that the said Section 31 forms part of Ranch No. 18382, granted for a term of ten years from the 1st November, 1924, in favour of Messrs. William E. Caldwell and James Wilson of Woodville Station, Alberta, and so long as the lessees observe the conditions upon which the lease was granted, the Department will be unable to take any withdrawal.

However, you are at liberty on your own initiative to approach Messrs. Caldwell and Wilson with a view to obtaining their unconditional surrender of either one of the quarter-sections mentioned, whereupon the Department would be prepared to entertain your representations further.

It is assumed that you are seized of the fact that the administration of the Natural Resources of the Prairie Provinces will be taken over by the respective Governments of the provinces concerned when the agreements executed by the Government of Canada with the provincial Governments, and approved by the Parliament of Canada, have been ratified by Imperial Statute. Although the administration of Dominion lands is still vested in the Government of Canada pending proclamation of the transfer as aforesaid, the future policy of the Governments of the provinces in question, as to continuation of homestead rights, is one for determination by the provincial authorities. Under the circumstances, I am not in a position to state whether your claim would be recognized by the provinces, and therefore unless you exercise your right of selection at once the opportunity of selection will automatically lapse in so far as the Federal Government is concerned upon ratification of the agreements by the Imperial Government.

Your obedient servant,

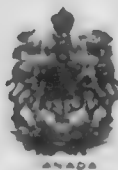

Commissioner of Dominion Lands.

JUL 17 1930

DOMINION LANDS

Please refer to your letter dated the 19th ultimo, addressed to Mr. R. M. Milne of Delia, Alberta, relative to his request as to whether or not he could be permitted to select either the North West quarter or the North East quarter of Section 31, Township 28, Range 18, West of the 4th Meridian, for homestead entry as compensation for the loss of his homestead entry on the North West quarter of Section 34, Township 28, Range 20, West of the 4th Meridian.

The two quarter-sections mentioned by Mr. Milne in his communication dated the 7th ultimo are a portion of Ranch No. 13,982, held under lease by Mr. William Caldwell and the Estate of the late James Wilson.

Mr. Milne has forwarded here a communication dated the 3rd instant, together with a letter of relinquishment dated the 1st instant, signed by Alice M. Wilson as Executrix for the Estate of the late James Wilson and William H. Caldwell, wherein they state: (We hereby unconditional surrender all our rights which we hold under lease from the Department of Interior to the N.W. 1/4 31-28-18 W4th Mer in favour R.M. Milne).

If it is decided to allow Mr. Milne to select the North West quarter of Section 31 for homestead entry, the letter already referred to could be taken as an unconditional relinquishment provided that documentary evidence is furnished showing that Alice M. Wilson has been legally appointed Executrix of the Estate of the late James Wilson.

I have your letter of the 3rd July last enclosing what purports to be an assignment executed by Mr. James Wilson and Mrs. Alice M. Wilson, (the latter in her capacity of personal representative of W. H. Caldwell, deceased) of their interest in the quarter-section, above mentioned, with a view to your being granted homestead entry therefor in recompense for loss sustained as a result of the cancellation of the entry improperly granted you for the H.W. 34-28-28-4th M., and in reply to say before the assignment can be accepted it will be necessary for Mrs. Wilson to furnish the Department with a copy of probate of will or Letters of Administration, as the case may be, of the estate of the late W. H. Caldwell, certified under the seal of the Court of competent jurisdiction.

I may add, in pursuance of the remarks made in the concluding paragraph of my letter of the 19th June last, that the Dominion Government has undertaken, at the request of the Government of Alberta, to continue administration of the Crown Lands of the Province for a further period of sixty days from the 1st August, 1930, and it would, therefore, be advisable for you to conclude arrangements respecting this matter without unnecessary delay.

and have built a comfortable Log House 16 x 20 ft
on said Land and have with my family
resided continuously on said Land since October
1903.

2nd That I have thus practically fulfilled all
conditions re Residence Etc for 1st year.

3rd That my dear wife was in April taken
with Rheumatic Fever, and her health is so
broken that under present conditions of

40 miles from nearest Doctor and Drugstore,
it is ~~an~~ impossible to keep her on Farm and
save her life.

4th That I have sunk every cent I am worth
on this Homestead, and therefore, this severe
illness has put me in debt for Doctor etc.

5th That myself and son can get steady
employment in the Town of Red-Heer in the
Brick Yards, and that said employment
will enable me to pay my Doctors Bills,
and give my dear wife the necessary extra
comforts that she needs to complete a cure.

5th That there is no employment here except
in Hay Time, and therefore to stay at present
would mean inability to pay the Doctor
who saved her life.

6th That steady employment for self & son
for period asked would enable me to,
on my return to Homestead to purchase
some more stock and put me in a shape
financially to stay on Farm.

7th That in event of my own death before 1906, my Family would return to their home and reside again here, as my life is Insured for \$1000, and with said sum they would stock farm.

8th That during my absence I will have Land broken for me, as much possible, and so continue to improve Land, and at the same time have Land ready to work on my return.

9th That I am English, a Born British subject. That I resided in Manitoba for 21 years. That during those years I never drank 1 gallon of Liquor. That I was in 1892 a prosperous Farmer near Douglas, Man., and was ruined financially by Cyclone & fire on July 10th. Said Farm will be remembered by you who then Represented R. Brandon in Manitoba Govt.

10th That until June Last I resided at Miami Man., & served the C. N. R. as Section Foreman.

11th That for references to the truth of these I will refer you to J. Campbell R. C. of Winnipeg.

He has known me for years as an honorable
 and abiding man. Dr Collins & Murre Miami,
 & Doctor Peake of Blackfalds. All who
 attended my wife in her illness & can
 testify that to move her is a necessity.

I therefore humbly pray that you will grant
 said leave of absence until October 1906, and
 have said permission also entered on Books
 at Headquarters for here viz at Red-bear,
 so that I shall not in my absence lose
 the land I have spent my all on, to secure
 a Home for my sons when I am gone.

Hoping for an early & favorable Reply

I have the Honor to remain

Respectfully Yours

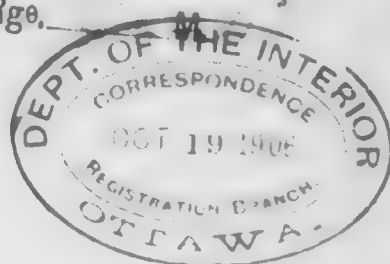

Robert. E. Fell.

The Deputy Minister of the Interior
Ottawa
Ont.

Dear Sir,

As a resident on "Homestead" the N.E. 1/4 of Sec 6, Tp. 40
R. 21 West 4th N.; the patent for same being granted me
under your Dept. by the Crown, I respectfully ask information
on the following rights I may have when my 80 acres joins
the shores of Buffalo Lake.
I may just state that no "lawyer" felt able to furnish
me the information, & told me the "Interior Dept" were the
only authorities on the matter; unless I wished to indulge in
a costly law suit; and that no poor settler can afford.
I enclose you a plan of "Buffalo Lake" from as it
exists to-day, showing the spot marked with x x where my
trouble occurred, & the other plan shows where the
portage - as all maps I ever saw showed where it.
Please inform me what rights I have on portage in question.
The case is this.
My "Crown Grant" says I have 110 3/4 acres from high water
marks of "Buffalo Lake".
Now Sir, I have lived on this farm for 10 years, & during

that time have had ample time to find that the Lake
rises some years very high, & in those years land
that in an ordinary season is dry and I have cut in
on said Lake prostrate five years of the ten I have been
here, and could have cut it for another season making 6 yrs
out of the ten.

I am also quite sure that when the Lake rises so high
I have not got 110,000 acres of Land out of the Lake.
Hence I have always rightly thought that though the
Lake had risen & was rendering this Land temporarily
infit for use, still anything more on was still my
property.

During these high "water years" the muskrats in the Lake
will move inwards and locate their Honors to quite an
extent - on "Land" that I know of mine, & cut hay on
perhaps not over a year before.

Would not the "trapping rights" to trap on this Land that
the water has risen now belong to me, & could not I claim
these farms there-on?

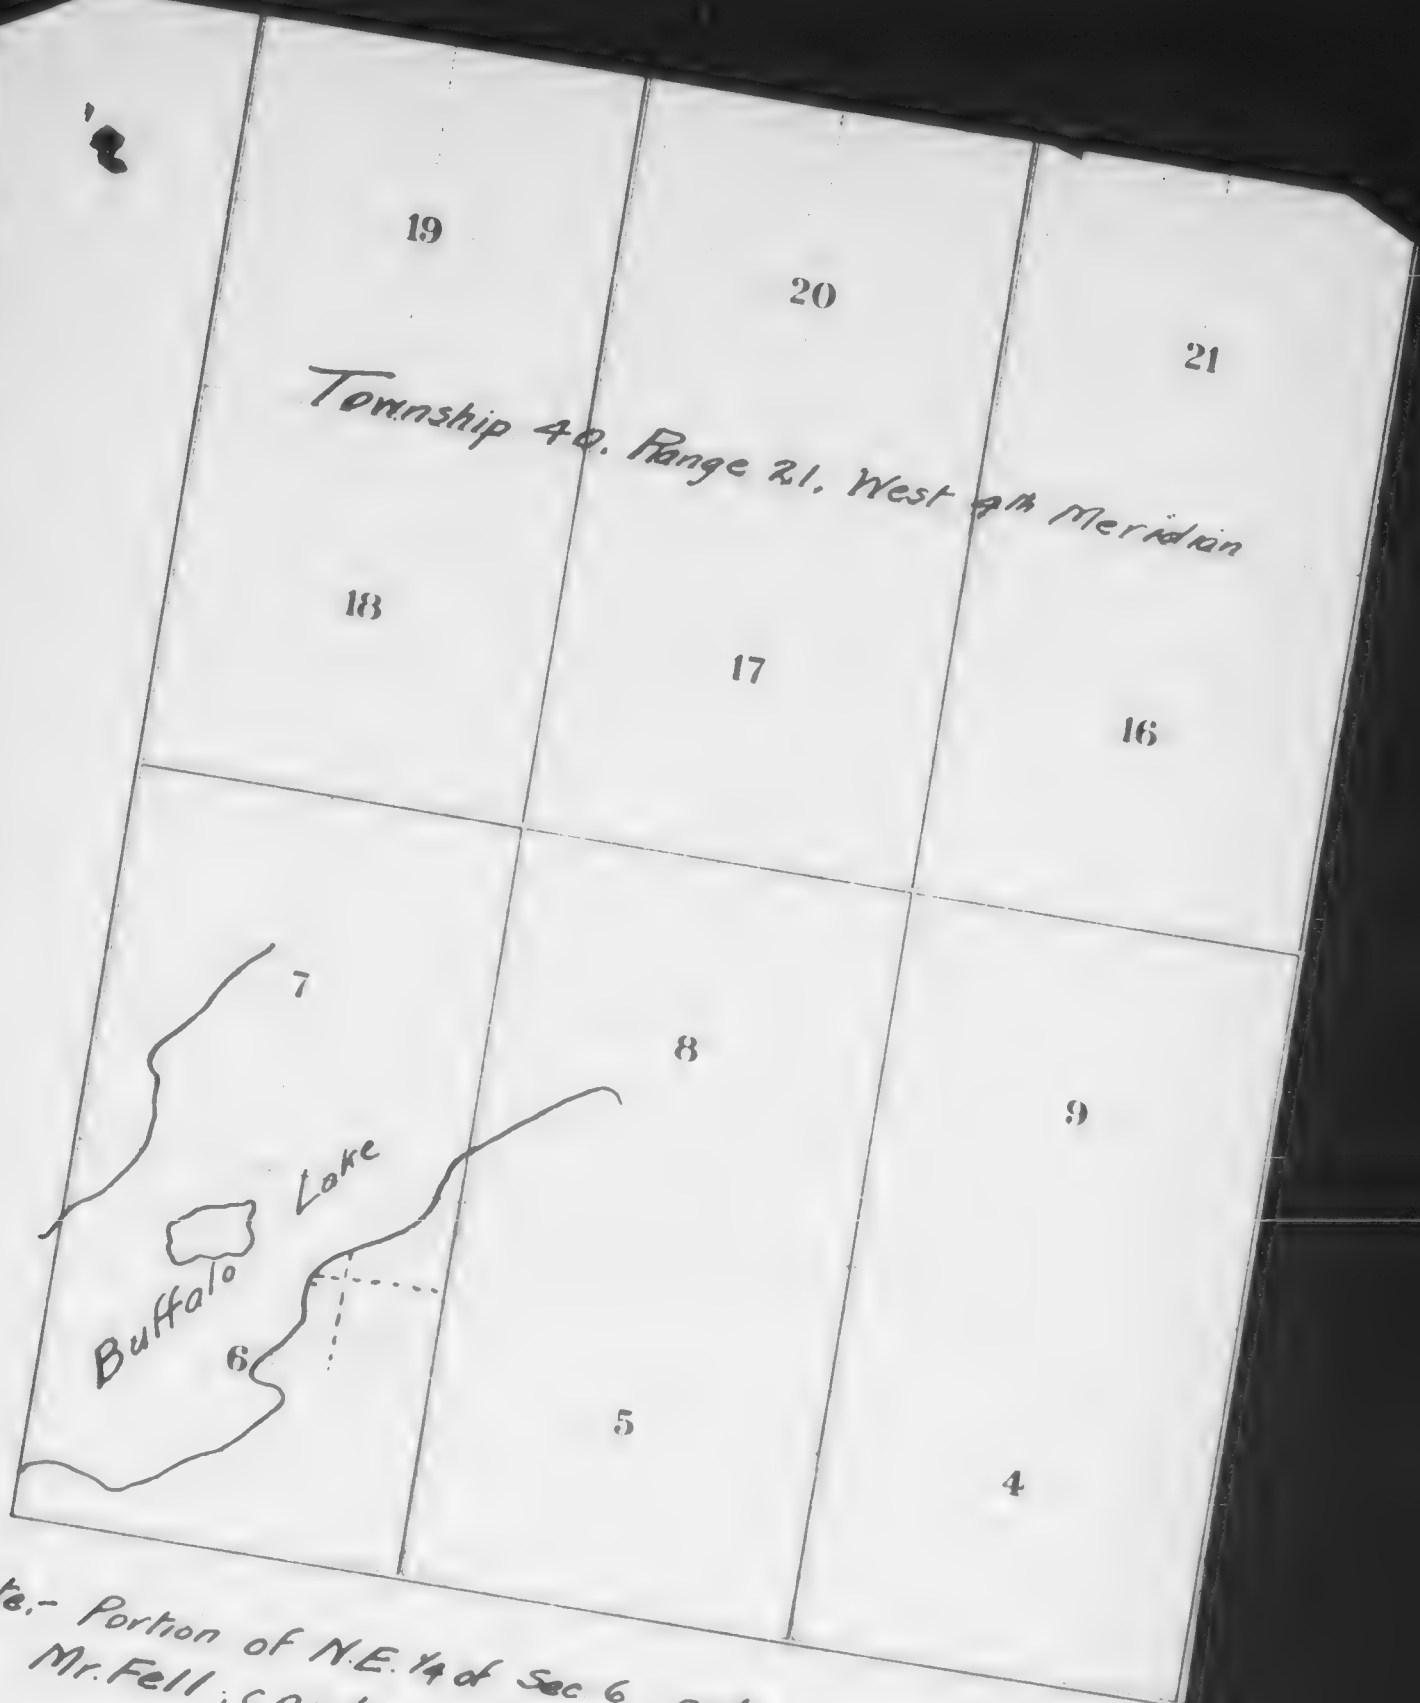

Further as my maps show you, and examine your own
available maps, this little Bay where the x's are on my map,
not shown at all as part of the Lake, and therefore
supports my claim that, the high water marks set by
surveyors at time of survey included this low Land in
area.

Last February, the Lake having been high in the fall at
freeze up, a man came in & set traps shore & & shore.
When told it was on our Land, he assaulted my son, stole his
rifle, & it cost me a lot of expense & trouble before getting
the matter adjusted.

He claimed a right to be there, & that my son had no right to
touch his traps. And no game guardian, Leazer or J. P. to
whom I applied knew what to do.

The man was a stranger from "Stetter", did not live on Lake at
all, and every year as soon as "Lake" freezes over, it is
over-run with these men, who come here & camp from all
over; and the honest settler living here seems to have no rights
along the Lake, and many of these men are desperate characters, &
we just can do nothing but allow them to "poach" all along
the Lake front cleaning out the "muskrat", that we as
Law abiding people have protected all summer, hoping that
our children would be able to secure a few after freeze up.
The fishing regulations are being broken here daily, in 10 years
residence no fish inspector has ever visited this arm of the
Lake; and the Laws in general seem to be a dead letter, &
under this manner of everyone from miles away exploiting the
rats also, our lake is rapidly being depleted of "rats", so it is
a job.

I would like to know therefore, if my young sons have no rights
over strangers along the shores of Lake; (especially on Land that
has flooded since I took Land); or whether we have to allow anyone

CASE NO. 719562

G. H. H. H.

24th November, 1913.

Sir,

I am directed to refer to your letter of the 17th August last by which you asked for information upon the following points; (a) what rights you have because of the "frontage" on Lake Buffalo of that portion of the N.E. 1/4 6-40-21-W. 4th M., which was granted to you by letters-patent dated the 12th March, 1907, and upon which you claim to have been in peaceable possession for ten years; (b) what rights you have to the muskrats on parts of that quarter-section which are sometimes covered by the waters of the lake to some depth in some years, to a lesser depth in other years and not at all in other years, and which you consider belong to you; (c) whether your rights include the right to trap and take these muskrats and to warn away from your lands other persons who trespass thereon for the purpose of trapping or otherwise interfering with them; (d) what rights outsiders have to take the fish of the lake and (e) what rights your sons have "over these strangers."

In the first place it is not within the right of this Department to protect muskrats or other animals in the Province of Alberta, or fish in any

of the waters of that province, or any other of the provinces of the Dominion.

All matters concerning the trapping of muskrat or otherwise concerning that animal, or other animals in the Province of Alberta are matters which are solely under the control and administration of the provincial authorities. It is not known here what Minister of the Government of that Province is specially charged with such control and administration and you should therefore bring the matter to the attention of : The Provincial Secretary, Edmonton, Alberta.

The protection of fish in all waters of the Dominion is under the control and administration of the Minister of Marine and Fisheries at Ottawa, and you should communicate with Professor Prince, Commissioner of Dominion Fisheries at Ottawa with regard thereto.

It is very difficult to state with any certainty what your own rights are to take the muskrats particularly referred to in your letter or to prevent others from taking them. Your sons have only such rights in this respect as you may give to them which you have a right to give them.

You have only the same right to take fish from the Buffalo lake that other residents of the province have except of course that you have the sole right to fish from your own land.

If muskrats build upon land belonging to you, you have the sole right to trap and otherwise interfere with them, and no one else has a right to

touch

R.E.F.-3-

touch them on your land or go upon your land for that or any other purpose except by your permission. If others trespass upon your land for any purpose you have right to prevent them from so doing and to punish them for trespass and damage.

What portion of the N.E. 1/4. 6-40-21-W.4th M is your land is a question which can only be settled satisfactorily by examination, upon the ground, and by ascertaining what portion of that quarter-section can properly be considered as covered by any waters of Buffalo Lake. No reference is made in your patent to the right high water mark or low water mark where your land fronts on the lake. The description of your land in your patent is as follows: "Being in the Fortieth Township in the Twenty-first Range East of the Fourth Meridian, in the Province of Alberta. Composed of all that portion of the North-East quarter of Section six of the said Township, which is not covered by any of the waters of Buffalo Lake, as shown upon a map or plan of survey of the said Township, approved and confirmed at Ottawa, on the 7th day of October, A.D.1903, by Edouard Deville, Surveyor General of Dominion Lands and of record in the Department of the Interior, containing by admeasurement eighty-eight and sixty hundredths acres, more or less." Because of the words "more or less" at the end of this description, your part of the quarter-section may be more than eighty-eight and sixty hundredths acres, or it may be less. You are entitled to all of the quarter-section "which is

I am to express regret that further information or assistance cannot be given to you by this Department with regard to the matters referred to in our letter of the 15th August last.

The Head Office files relating to the lands are being called for, and you will be further advised in the case of individual parcels if the file shows any other disposition of the land.

Sir,-

Sec. 6 Tp. 40 Rge. 21 West 4th Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that an amendment to the Dominion Lands Act has been passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Robert S. Fell, Esq.,

Dear Sir,

Will you kindly advise an old man on the following points.

1st I am 67 yrs of age and have farmed continuously in Western Canada for 51 yrs, producing thousands of dollars of wealth for Canada, & should there-fore be entitled to advice & protection if needed.

2nd On June 10th / 29 I entered for a second homestead, making Entry in Edmonton under Dominion Laws & regulations.

3rd I have in past 4 yrs brought under cultivation from heavy scrub land enough title me to my patent; besides

paying over 100,00 Taxes since entry there-on
 4th On Enquiry I am told that the
 Patent for Land will now be made by
 the Alta Govt, not from Ottawa. Is
 this correct?

5th I find that the Alberta Land Reg
 in Clause 4 demand a payment of
 Forty Dollars (40,00) before they will
 grant a Title to a Homestead. ✓

6th As I made entry under Dominion
 Regulations (not Provincial), can I
 be called on to pay this 40,00?

7th Can Alberta Regulations be made
retroactive against Dominion Entrants
 on Land?

8th I have not yet applied for Patent, as
 40,00 is utterly beyond my means at my
 age, and I wished full information
 on my rights before doing so. Do you
protect those Entrants made under

your Land Laws before the Transfer or act?
 I am desirous of clearing up my title,
 and having my affairs in proper shape
 as life at my age is at best but short-
 now.

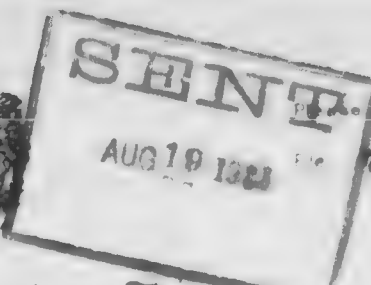

Please inform me fully as to my
 standing in the matter, & what
 protection Ottawa will give if needed
 and oblige a pioneer of the West, who in
 51 yrs has never been sued for debt, &
 raised an honest family of Canadian
 children & has many in the 2nd generation.

DOMINION LANDS ADMINISTRATION

18th August, 1933 .

Sir:

I am in receipt of your letter of the 7th instant wherein you state that you entered for a second homestead in Edmonton on the 10th June, 1929, and request advice with respect to a Provincial regulation requiring the payment of a fee of \$40.00 before the issue of title.

Section 4 of the regulations for the disposal of Provincial lands by entry as a homestead, second homestead or soldier grant, assented to by the Lieutenant Governor of Alberta in Council on the 18th June, 1931, provides that a fee of \$10.00 shall be payable with each application for a homestead, second homestead or soldier grant, and that a further sum of \$40.00 shall be payable before obtaining title.

You observe that you obtained your entry under Dominion regulations and enquire whether it is in order for the Provincial authorities to call upon you to make payment of this \$40.00 fee. For your information on this point reference is made to Section 2 of the Agreement entered into between the Dominion of Canada and the Province of Alberta providing for the transfer of the natural resources. Such Section reads as follows:-

"2. The Province will carry out in accordance with the terms thereof every contract to purchase or lease any Crown lands, mines or minerals and every other

Robert E. Fell, Sr., Esq.,
Saba Beach,
Alberta.

arrangement

arrangement whereby any person has become entitled to any interest therein as against the Crown, and further agrees not to affect or alter any term of any such contract to purchase, lease or other arrangement by legislation or otherwise, except either with the consent of all the parties thereto other than Canada or in so far as any legislation may apply generally to all similar agreements relating to lands, mines or minerals in the Province or to interests therein, irrespective of who may be the parties thereto."

The Province presumably considered it lawful to provide in its regulations for payment of a fee of \$40.00 in view of the fact that the provision would "apply generally to all similar agreements."

It does not seem possible for this Department to add to the foregoing. The land for which you entered has passed from the control of the Dominion and necessarily you will have to look to the Provincial Department of Lands and Mines for the issue of Patent. However, if upon further consideration of your representations any developments should transpire which would be of interest to you, a further letter will be addressed to you on the subject.

Your obedient servant,

H.E. Hume,
Chairman,
Dominion Lands Board.

By departmental letter of the 29th June, 1932, Mr. C.H. Attwood, Deputy Minister of Mines and Natural Resources, Winnipeg, was requested to forward a copy of any Provincial statute providing for the charge of an inspection fee of \$10. The matter was also brought to the attention of the Minister of Mines and Natural Resources, by letter, when he was in Ottawa in January last. The Provincial Minister was informed that it was the opinion of our legal officers that unless the payment of the fee was being exacted under the authority of legislation described in Clause 2 of the Manitoba Agreement, the Province was under obligation to grant applications for patent without payment of an inspection fee. The Minister was requested to write the Department on the subject so that it would be in a position to reply to the settlers who had written in.

So far as the departmental file shows no reply was received from either the Provincial Deputy Minister or Minister.

Incidentally, it might be mentioned here that in response to a letter addressed to Mr. Attwood in June last (file No. 4690 O.L.) requesting a copy of The Provincial Lands Act, and amendments thereto, as well as the several regulations made thereunder pertaining to the disposal of lands and any interest therein, the Director of Lands, Winnipeg, forwarded copy of The Provincial Lands Act, Chapter 32, Statutes of Manitoba 1930, with amendments to the 30th April, 1932. That officer stated that regulations had been drafted but that they had not, at the time of writing, received final approval of Council.

I have looked over the copy of The Provincial Lands Act furnished but could find no provision therein for charging an inspection fee. It seems quite clear, therefore, that the Province of Manitoba was not within its rights in exacting the inspection fee of \$10. This may account for the refusal or delay on the part of the Provincial authorities in replying to the correspondence addressed to them on the subject.

OTTAWA, June 8th, 1932.

970/32.

Dear Sir,

1. I beg to refer to your letter of the 1st instant, relative to the case of Mr. Paul Reinhardt, of Sprague, Manitoba, who obtained homestead entry for the North West quarter of Section 22, Township 2, Range 14, East of the Principal Meridian, prior to the transfer of the natural resources to the province, and now reports that the Department of Mines and Natural Resources, Winnipeg, requires him to pay \$10.00, representing an inspection fee in connection with his application for a patent for his homestead.

It is stated that Mr. Reinhardt was not subject to this fee under the Dominion Acts and Regulations, and in these circumstances you desire to be advised whether it is within the power of the province to charge any additional fee they may desire to charge for service, so long as the province does not repudiate any part of a contract which existed at the time of the transfer of the natural resources.

2. Under the terms of clause 2 of the Manitoba Natural Resources Agreement, the province agreed to "carry out, in accordance with the terms thereof, every contract to purchase or lease any Crown lands, mines or minerals and every other arrangement whereby any person has become entitled to any interest therein as against the Crown"; and further agreed "not to affect or alter any term of any such contract to purchase, lease or other arrangement by legislation or otherwise, except either with the consent of all the parties thereto other than Canada or in so far as any legislation may apply generally to all similar agreements relating to lands, mines or minerals in the Province, or to interests therein, irrespective of who may be the parties thereto."

3. Unless the payment of the fee referred to is being exacted under the authority of legislation of the kind described in the above clause, I am of opinion that the province is, in virtue of the terms of that clause, under an obligation to grant Mr. Reinhardt's application for patent

H.E. Rowatt, Esq.,

without exacting payment of the fee mentioned, seeing that the payment of such a fee was not a term of his arrangement with the Dominion.

In the circumstances, I think it will be appropriate for your Department to make representations upon the subject to the province, and at the same time to advise Mr. Reinhardt of the view which is entertained with regard to the matter, and of the action which you have taken.

Yours truly,

Mr. Hume.

Requirement of the Province
of Alberta that entrant pay
a fee of \$40 before obtain-
ing patent.

I beg to submit a letter dated the
7th instant, received from Mr. Robert E. Fell,
Sr., Soda Beach, Alberta, reading in part as
follows -

- "5. I find that the Alberta Land Reg.
in Clause 4 demand a payment of
Forty Dollars before they will
grant a title to a homesteader.
- "6. As I made entry under Dominion
Regulations (not Provincial) can
I be called on to pay this Forty
Dollars?
- "7. Can Alberta Regulations be made

trants on land?
- "8. I have not yet applied for patent,
as Forty Dollars is utterly be-
yond my means at my age, and I
wished full information on my

protect those entrants made under
your land laws before the transfer
or not? I am desirous of clearing
up my title, and having my affairs
in proper shape as life at my age
is at best but short now.

Please inform me fully as to my
standing in the matter, and what
protection Ottawa will give if
needed and oblige a pioneer of the
West, who in 51 years has never
been sued for debt, and raised an
honest family of Canadian children
and has many in the second gener-
ation."

Section 4 of the Alberta Regulations for the disposal of Provincial lands by entry as a homestead, second homestead, or soldier grant, reads as follows -

"4. A fee of \$10 shall be payable with each application for a homestead, second homestead, or soldier grant, and a further sum of \$40 shall be payable before obtaining title."

These Regulations were established by order of the Lieutenant Governor of Alberta in Council, dated the 18th June, 1931 (O.C. 653-31) reading as follows -

"His Honour the Lieutenant Governor, by and with the advice of the Executive Council, has been pleased to order (under the provisions of Section 72 of The Provincial Lands Act) that the attached Regulations be and are hereby established, determining the districts and prescribing the terms and conditions upon which disposition may be made by settlement of lands belonging to the Province."

Section 72 of The Provincial Lands Act, referred to in the Provincial Order in Council, provides, amongst other things, that the Lieutenant Governor in Council may "from time to time make such regulations and orders, not inconsistent with this Act, as are necessary to carry out the provisions of this Act according to their true intent, or to carry out the Agreement of Transfer, or to meet cases which may arise and for which no provision is made by this Act."

Section 2 of the Alberta Natural Resources Agreement provides in part that the Province will carry out in accordance with the terms thereof any arrangement whereby any person has become entitled to any interest in Crown lands and further that it will not affect or alter any terms of such arrangement by legislation or otherwise, except either with the consent of the parties thereto other than Canada or in so far as any legislation may apply generally to all similar agreements relating to lands.

By departmental letter of the 18th instant, Mr. Fell was informed of the provisions of Section 4 of the Provincial Regulations as well as of the provisions of Section 2 of the Resources Agreement. At the same time he was told that the Province presumably considered it lawful to provide in its Regulations for payment of a fee of \$40 in view of the that the provision would "apply generally to all similar agreements," also, that if upon further consideration of his representations any development

should

should transpire which would be of interest to him a further letter would be addressed to him on the subject.

COMMENTS -

Entry for the second homestead in this instance was made under Dominion Regulations. Neither the Dominion Lands Act, the Dominion Lands Regulations, nor any order of the Governor in Council, contains any provision for charging a fee of \$40 in connection with the issue of title. Therefore, had the resources not been transferred the entrant would not have been required to pay such a fee.

Section 2 of the Resources Agreement, as has been noted, provides in part that the Province shall not affect or alter any arrangement whereby any person has become entitled to any interest in Crown lands, except in so far as any legislation may apply generally to all similar agreements relating to lands.

There seem to be two points calling for consideration in connection with the fixing of this fee of \$40:

(1) Is the fee exacted under the authority of legislation of the kind described in Clause 2 of the Resources Agreement, or, in other words, does the Provincial Order in Council requiring the payment constitute legislation within the meaning of Clause 2 of the Resources Agreement?

(2) Even if the Provincial Order in Council is considered legislation of the kind described in Clause 2 of the Agreement, is it competent on the part of the Province to add to the financial burden of a person who had previously entered into a contract or arrangement with the Crown as represented by the Dominion?

There seems to be some moral obligation devolving upon the Dominion to see that the Province deals equitably with persons who had entered into arrangements with respect to lands prior to the transfer of the resources, and it is suggested, therefore, that the question of the propriety of the Province in exacting the \$40 fee be referred to the Department of Justice for an opinion, with a view to making representations to the Provincial authorities on the subject if found necessary.

.....

Not

Not long ago the Department had under consideration a very similar case, viz., the requirement of the Province of Manitoba that a homesteader pay an inspection fee of \$10 before securing patent.

In this instance, one Paul Reinhardt obtained homestead entry for the N.W. $\frac{1}{4}$ 22-2-14 R.P.M., prior to the transfer of the resources, and the Provincial authorities advised that an inspection fee of \$10 was payable before the issue of patent. (File No. 3718383 Temp.)

The case was brought to the attention of the Deputy Minister of Justice by letter dated the 1st June, 1932. The opinion of that officer was requested on two points, viz.,

- (1) Whether it was within the power of the Province to charge any additional fee for service,
- and
- (2) Whether the Dominion should take any part in the controversy or simply inform the entrant that the payment of the fee is a matter over which the Dominion Government has no jurisdiction.

Following is the opinion of the Deputy Minister of Justice in this matter, as contained in a letter from him dated the 8th June, 1932 -

"Unless the payment of the fee referred to is being exacted under the authority of legislation of the kind described in the above clause, I am of opinion that the Province is, in virtue of the terms of that clause, under an obligation to grant Mr. Reinhardt's application for patent without exacting payment of the fee mentioned, seeing that the payment of such a fee was not a term of his arrangement with the Dominion.

"In the circumstances, I think it will be appropriate for your Department to make representations upon the subject to the Province, and at the same time to advise Mr. Reinhardt of the view which is entertained with regard to the matter, and of the action which you have taken."

A copy of Mr. Edwards' letter in this matter is attached for reference purposes.

The report underneath, prepared by Mr. Cohoon, deals with a case in which the Province of Alberta is demanding payment of \$40.00 from a homesteader before granting him patent. The homesteader, who secured entry prior to the transfer of the resources, files a protest here. The circumstances are reviewed in Mr. Cohoon's statement.

Briefly, the situation is that the Resources Agreements permit the provinces to change the terms of existing contracts provided this is done by legislation applying generally to all similar agreements relating to lands.

The Alberta Government has passed an Act which permits the Lieutenant Governor in Council to make regulations, and regulations have accordingly been made providing for the payment of a fee of \$40.00.

If this action on the part of the Province is covered by the Resources Agreement, then there is no recourse. Mr. Cohoon submits two points upon which possibly you may desire to secure advice from the Department of Justice. That department has already advised that in the absence of provincial legislation the province could not charge the fee.

Mr. Hume.

I herewith return your memorandum of the 20th ultimo, file 719502, concerning a communication received from Mr. Robert E. Fell, in which he states that while he has not applied for patent for his homestead, for which he obtained entry in 1929, he finds that Clause 4 of the Alberta Land Regulations demands a payment of \$40.00 before granting title to a homesteader. Your attention is called to the Departmental Solicitor's memorandum of the 14th instant, hereunder.

From a perusal of the Land Regulations of the Government of the Province of Alberta, it would seem that Clause 4 which provides for the payment of \$40.00 before obtaining patent, refers only to entries granted subsequent to the transfer of the resources, and not to entries granted by the Dominion Government. It might be well to write to the Province saying that a complaint has been filed and that it is not clear whether the Province is charging this \$40.00 before issuing patent for entries granted by the Dominion Government. The Province might be requested to give us full information in this respect in order that we may be in a position to reply to our correspondent.

Sir,

The Department is in receipt of a communication from a settler in Alberta who complains that under Section 4 of the Alberta Regulations for the disposal of Provincial lands he is required to pay a fee of \$40 before securing title to his second homestead, entry for which was obtained under Dominion regulations prior to the transfer of the natural resources. He states that the payment of \$40 is utterly beyond his means and enquires as to the propriety in making the Provincial regulations retroactive so as to apply to entries granted under Dominion regulations.

W. J.

From a perusal of the Provincial Lands Regulations it appears that possibly clause 4 thereof providing for a payment of \$40 before obtaining title applies only to entries granted subsequent to the transfer of the resources and not to entries granted by the Dominion Government. We are not clear as to the scope of this provision and it is requested that you be good enough to furnish full information in this regard in order that we may be in a position to reply to our correspondent.

Dear Sir:

RE: H.K. 6-40-21-5.4th
S.S. 6-40-21-5.4th H.

I have your letter of the 9th instant to the effect that you are desirous of acquiring by lease areas of the above described parcels of land which it is assumed are available in view of the subsidence of the waters of the lake.

In view of the transfer of the natural resources to the Province of Alberta the lands therein formerly administered by this Department are now under the control of the Provincial Authorities. I am, therefore, forwarding your letter to Mr. D. H. Boles, Director of Lands, Department of Lands and Mines, Edmonton, Alberta. It is expected that Mr. Boles will furnish you with the desired information.

J. F. Nash, Esq.,
Superintendent, Estates & Securities,

OTTAWA, 9th February, 1928.

Dear Sir:

I beg to inform you that the exchange of correspondence between yourself and the Prime Minister has been referred to me for attention by the Honourable T. A. Crerar, Minister of this Department.

In view of the transfer of the natural resources to the Province of Manitoba it would appear that the papers relating to your soldier grant entry and the land purchased from the Federal Government are with the Provincial Authorities.

From your telegram it would seem that you are protesting against the payment of the sum of \$20.00, which payment apparently is demanded by the Provincial Authorities to cover the cost of inspection of the two parcels of land.

In reply I am to state that as the administration of such lands is now under the control of the Provincial Authorities I am not in a position to advise you in the matter.

For your information I might say that Clause 2 of the Manitoba Resources Agreement reads as follows:-

"The Province will carry out in accordance with the terms thereof every contract to purchase or lease any Crown lands, mines or minerals and every other arrangement whereby any person has become entitled to any interest therein as against the Crown, and further agrees not to affect or alter any terms of any such contract to purchase, lease or other arrangement by legislation or otherwise, except either with the consent of all the parties thereto other than Canada or in so far as any legislation may apply generally to all similar agreements relating to lands, mines, or minerals in the Province or to interests therein, irrespective of who may be the parties thereto."

I might add, however, that the matter mentioned in your telegram has already been brought to the attention of the Provincial Authorities and we are, therefore, unable to furnish you with any information until such time as the Province has advised us in the matter.

Yours very truly,

Walter J. E. Granby, Esq.,
Winnipeg, Manitoba.

Sir,

I am glad to hear
to-day to make my home

This has never been established
Entire had been made some
years previous to it is
to the same section. I can
promises made in
the N 1/4 but after some
the N 1/4 but after some
without building or doing, in

locks with a wire fence
around it, enclosing about
an acre. The man who entered
from the N.W. claiming that he
made a mistake and
meant to locate on A 10
and at present is trying
to get the N.W. 1/4 of the
N.W. 1/4. He has never com-
plied with the homestead
laws, and is regarded as a bad
an improvement at the
place has been made and
as a large camp for the
drowning of the horses
which are to be used in
the construction of the
Company's road. It is
a little way from the
year, the mile or so from
Duncan, and is a good
is A 10, and is a good
L. 10, and is a good
D. 10, and is a good

would not take any entry.
Whereas, of the same company
some entered some years ago
a year ago, in homestead in
the vicinity had not one
particle of improvement or
residence as has since
required by law. I would say
you not the grant of large
of homestead, under the Act
the the Act, involving an
enquiry into the
statements. In any
case, would the fact that
be justified in requiring
my entry as a right
right to take up land
homestead, rather than the
Act. It is not
to the main point, District
work, the
for N.W. 1/4. I mentioned above

and hope you will enquire
fully into the subject
The I believe myself that
the entry from the 14th, is
a great deal of interest
which makes it not to
enable the committee to
take a place in the list
when they have the
of anyone else having the
same problem. I have
troubled the committee
far already. I am glad to
see such a list of names
now.

Memorandum:

Mr. R. P. Drake,
Director of the Reclamation Service.

Re N.W. 1 10-14-2 S. 4th R.

With reference to your letter of the 21st ultimo, File No. 921 N.S., addressed to the Agent of Dominion Lands at Lethbridge, instructing him to reserve right of way in favour of Mr. William C. Smith over the fractional portion of the above mentioned quarter-section, still vested in the Crown in connection with his drainage scheme in the township in question, I beg to point out that, according to the records here, Letters Patent issued on the 6th August, 1907, in favour of Mr. George H. Bailey, for that portion of the quarter-section not covered by the waters of Lakes 2 and 3. Under the circumstances, it was considered advisable to draw your attention to the matter.

MEMORANDUM:

Mr. C.H.E. Powell,
Dominion Lands Branch.

RE: FR. NW. 16 - 14 - 3 - W. 4th M.

Referring to your memorandum of the 6th instant, I would say that the right of way reserved in favour of Mr. W.C. Smith in this quarter-section covers a portion of the above mentioned fractional area which is still vested in the Crown. According to the departmental records, Mr. George H. Bailey obtained patent for the portion of this quarter-section not covered by the waters of Lake No. 3.

In considering the drainage application of Mr. Smith, the fact was brought out that Mr. Bailey disposed of his interests in this land to Mr. Robert Boyd and as a result, the latter would not be considered as having a claim to acquire free of charge by supplementary patent, the balance of the quarter-section in the event of it being reclaimed by drainage. The department doubtless would favourably consider an application from Mr. Bailey to purchase, under the departmental regulations, the balance of the quarter-section in the event of it becoming reclaimed, but, of course, such application would be subject to our reservation regarding right of way for drainage works of Mr. Smith.

In view of the information now furnished, I do not think that any difficulty should arise in the handling of this case.

Rice) has found it impossible to complete his homestead duties with regard to section he has resided with me on the S.E. 1/4 of said sec. all the time with the exception of 2 or 3 months when he has been with a threshing machine.

There are some young men here that have proved on their homesteads without

residence, they having lived with their parents.

Now I want like to know, if
under the circumstances, if I will could give me
under the same conditions, he already has a
house, & if he gets, say from 25 to 30 acres of timber
will the question of residence be waived.
Thanking you very much

Yours Obediently

J. H. Howard.

COMMISSIONER
AND
PATENT BRANCH.

Calgary, May 13th, 1905.

Sir:-

Referring to the notice to show cause issued on the 16th of January last in connection with the entry of Mr. John C. Jackson of Calgary, for the South East quarter of Section 18, Township 27, Range 1, West of the 5th, I have the honour to enclose herewith the Homesteader's defence in which he states that he has resided on land owned by him, namely the South West quarter of Section 18, Township 24, Range 1, West of the 5th, since the year 1887, and that he has valuable improvements on said land; that he has 80 head of horses on his homestead and 45 acres under crop.

The Notice to Show Cause was mailed to Calgary and a copy to the Postmaster at Airdrie, and was not returned to this office.

Mr. Jackson's entry was cancelled on the 20th of March last and re-entry granted to Mr. Isaac Knight. On the 3rd inst., Mr. Knight was notified not to go into residence or place any improvements on the land, although he states he has already placed improvements worth \$50.00 thereon.

Be good enough to say what action should be taken.

COMMISSIONER
DOMINION LANDS.

DOMINION LANDS OFFICE.

Calgary, Jan. 12th, 1906.

Sir:-

I have the honour to enclose herewith Mr. Homestead Inspector Bryant's report in connection with the South East quarter of Section 18, Township 27, Range 1, West Fifth Meridian, which shows that Mr. Knight is residing on the North West quarter of Section 8, Township 27, Range 1, West Fifth Meridian, has improvements thereon to the value of \$135.00, and the only improvements he has on the homestead is one acre of breaking value \$3.00. In examining the file of this office and after making full inquiries into the case it would appear that the trouble had been caused by a series of errors. Mr. Jackson had an old standing claim against the Department concerning his homestead rights, and some years ago solicited the aid of Mr. Frank Oliver, M.P., the present Minister. Mr. Turriff, the then Commissioner, took up the matter and decided it, and wrote a letter to Mr. Oliver on the 6th of April, 1901, a copy of which was sent Mr. Jackson, but no copy furnished this office, and I infer none was on Head Office files. This letter clearly showed that it was the intention of the Department to grant Mr. Jackson a patent for any available quarter section that he might select, his residence and other duties performed on his present place of residence to be taken in lieu of the homestead duties on the quarter section given him.

The Secretary,

Department of the Interior,
Ottawa, Ont.

In accordance with this decision he would have been entitled to apply for his patent at the time he obtained entry, but he did not do so. On making entry for the quarter section in question Mr. Jackson gave his name as John Charles Jackson but he is only known as "Charlie Jackson," and rarely if ever receives mail addressed to John Charles Jackson.

When notice to show cause was issued on the application for inspection made by Mr. Knight they were addressed to John Charles Jackson, but he never received them and the entry was cancelled in default. Mr. Jackson afterwards filed a defence in which he stated he had resided on land owned by him, namely the South West quarter of Section 18, Township 24, Range 1, West Fifth Meridian, since the year 1887, and that he had valuable improvements thereon; that he was the owner of 80 head of stock and had 45 acres under crop. This information is set forth in a letter from this office dated May 13th, 1905. On the 26th of May Head Office instructed this office to request the homestead inspector to visit the homesteader and report as to the improvements which Mr. Jackson claims to have made thereon. Mr. Bryant was so instructed although Mr. Jackson's defence and this office correspondence in reference to it did not claim that he had made any improvements on the homestead, but on the land upon which he was living. In accordance with these instructions Mr. Bryant visited the homestead and found no improvements thereon, and found nobody that knew anything about Mr. Jackson. If Mr. Bryant had been informed verbally or otherwise at that time that the John Charles Jackson was the well-known "Charlie Jackson" of Calgary, it would have been very easy for him to have learned who he was and to have given full information as to where he was living, how long ~~has~~ he had lived there, what he was doing etc., but he was not so instructed and his report was as above stated.

Considering all the circumstances of the case and the fact

131505

(3)

that Mr. Knight is not a struggling settler, but the owner of a lot of valuable land in that locality, and he has put no improvements of material value on the land, and that the giving of this land to Mr. Jackson was in settlement of a long standing and valid claim which he had against the Department, and that his entry was cancelled partly through errors occurring at his office and Head Office. I think his entry should be restored. I might say that I have had several conversations with Mr. Knight about the matter and he always states that if the Department considers that Mr. Jackson has the better claim to the land then he has he is satisfied.

I have the honour to be, Sir,

Your obedient servant,

W. A. Stuart

Dear Sir

Being in need of my birth certificate
I have applied to both Regina & Edmonton
without success - I was born in 1881
while in Athabasca while the West was
still the North West Territories, but
there is apparently no record I have
also tried to get a baptismal certificate
so far without success - can you tell
me what I must do to secure one.
I was born JESSIE TRAILL daughter
of William Edward Traill and
Harriet McKay his wife - at the
Hudson Bay Post of Lesser Slave Lake
on November 15th 1881 - and I
have no one except my Brother who
is six years older than my self who
could swear to my birth - The
Registrar in Regina sent me a letter
registration paper to be filled out by
him. They told me they could not
register it as the birth had taken
place in Alberta - though I had
told them where I was born

5612138
In 1900 or when the scrap
was given to those of native blood.
I duly received mine at Prince
Albert, would there be some record
in connection which would throw
some light as to where they got proof
of age etc.?

If you would kindly let me
know what I may do to secure
a certificate I would be greatly
obliged.

do solemnly declare:—

That I made entry for the above mentioned lands at the Dominion Lands Office at
Red Deer on the 20th day
of January 1904, and I now ask to have said entry cancelled,
and be permitted to take up another homestead for the following reasons, namely:

(Here state reasons.)

(1) that I am unable to comply with
the homestead regulations and perform
the homestead duties upon said
quarter section AND

(Here state nature
and extent of resi-
dence, and, if not on

performed.)

I have not lived on this quarter section

of occasional absences for temporary purposes.

(Here describe the
improvements and
state value thereof.

ing and cultivation
each year.)

I have put up on the above mentioned quarter
section a loghouse 18 x 24 feet worth about \$10
and have put in the ground posts for fences on three
sides of the quarter section worth about \$8 and have
dug a well out of spring about 4 feet deep and bricked it with
about \$3. and have broken two acres of land and sown all
of the improvements and heading well and done by me personally.

That I have not received, directly or indirectly, nor have I been promised, nor do I expect
to receive any consideration of any kind for allowing said entry to be cancelled.

And I make this solemn declaration conscientiously believing it to be true, and knowing
that it is of the same force and effect as if made under oath and by virtue of the Canada Evidence

Sir,

S.E. 1/4 20--42--23 W. 4th N.

I beg to acknowledge receipt of your letter of the 14th instant, and in reply to say that the land above described was posted for grazing purposes on the 7th June, 1924.

I might add, however, that if you are satisfied that the quarter-section is suitable for homestead purposes, there appears to be no reason why you should not make application for same when the question of making the land available for ordinary settlement will receive consideration.

The question of taxation is one which does not come under the jurisdiction of this Department, and for any information you require concerning same you should apply to the Deputy Minister of Municipal Affairs, Edmonton, Alberta.

I might state that when making application for homestead entry the applicant must declare the value of the improvements, if any, on the land and pay for same. An Inspector is then instructed to report what the improvements were worth at date of entry.

A homestead map will be forwarded to you under separate cover, and for your further information regarding the regulations governing Dominion Lands, I would refer you to the enclosed Hand-book.

Sir,

The Complete papers in regard to my Homestead were sent to you some time in July from the Agent in Medicine Hat.

Would you be so kind as to issue deed at once as it is very material to me to get it as I am compelled to raise money on it at once. Even it would be a little out of the regular routine you would save me from loss by doing me that kindness. The Homestead is S.W 20-14-3-4 Province of Alberta.

Hoping you will be able to do so.

I remain

Very truly Yours

Mr. Glidden,

Memorandum.

In your memorandum underneath you ask how the reservation made in favour of The Canadian Pacific Railway Company, under the late Petroleum Regulations, will affect an application to purchase the surface rights of a portion of the same lands.

On the 28th of September, 1909, reservation was made in favour of The Canadian Pacific Railway Company of the petroleum rights under the North half of Section 9, the North half of Section 10, all of Section 15 (with the exception of the portion already reserved for the company), the East half and the East half of the West half of Section 16, Legal Subdivisions 1, 2 and 3 of Section 21 and the South half of Section 22, in Township 11, Range 11 West of the 4th Meridian. This reservation was made for a period of one year from the first of October, 1909.

A copy of the regulations under which the reservation was made is hereto attached, from which you will see that in case of petroleum or natural gas being found in paying quantity a patent is issued which includes the surface and petroleum, but excludes all other minerals. The reservation therefore which was made in favour of The Canadian Pacific Railway Company on the first of October last includes the petroleum rights and the available surface rights of the lands above described. This reservation

Mr. Caldwell
Subject necessary to document

will expire on the first of next month, up to which date it would not appear to be advisable to dispose of any portion of the surface rights. As, however, the applicant for these surface rights is the company in whose favour the reservation was made, I assume they would not raise any objection to the surface rights for which they now apply, and which are within their petroleum reservation, being sold to themselves.

Memorandum:-

I beg to call your attention to my memorandum to the Deputy Minister of the 2nd October last, respecting the application of the C.P.R. Company to purchase the fractional N.W. 1/4 of section 15, township 11, range 11, west 4th meridian, lying south and east of the River, containing 26 acres, approved by the Minister, and in this connection to ask whether, in your opinion, this application should be dealt with in your Branch under the recent ruling respecting lands required for water supply purposes by Railway Companies and others.

weeks in the Canada Gazette and some newspaper circulating in the neighbourhood of the lands to be resurveyed. Unless it is decided to have a survey made under these provisions, in my opinion, the C.P.R. Company should be notified that if they are not prepared to purchase the parcel applied for, containing 26 acres, as shown on the township plan, the sale will not be authorized.

Approved
I may add that Mr. Drake, in his memorandum of the 3rd ultimo, states that "The tract which the railway company has applied for adjoining the tract upon which the pump house is situated, but it does not seem to be absolutely necessary in connection with the operation of the plant. I, therefore, think that it would not be proper to issue license of occupation granting this land free of charge but that sale should be made in the ordinary way."

Respectfully submitted,

LAND PATENTS BRANCH,

Ottawa,

15th March, 1921

Memorandum:- Re Sectional N.W. 15--11--11, West 4th M. south and east of the River, containing 26 acres.

The C.P.R. Company has been permitted by the Minister to purchase the land above mentioned in connection with Bowie Island water supply and gas well at \$10.00 an acre, reserving to the Crown an easement for an approach to the ferry.

The C.P.R. Company's Solicitors have represented that it is supposed that the true area is much less than that shown on the township plan, and ask that no patent be issued until the plans of the Company's survey are submitted. Upon this request being submitted to the Surveyor General, the latter reports as follows :---

"I would suggest that the attention of Messrs. Ewart, Scott, MacLaren and Kelley be called to the fact that the law requires surveys of Dominion lands to be made under instructions of the Surveyor General and that unless so made the survey cannot be confirmed.

"Our experience is that in a case such as this one, it is impossible to correct the survey of a single quarter section without rectifying the whole township. These old surveys are generally incorrect and when a partial survey is made, it is impossible to fit it to the remainder of the township.

"The best way of dealing with the matter would be to survey under the provisions of section 58 of the Dominion Lands Survey Act. No doubt many of the boundary monuments must have disappeared and a petition for their re-establishment could easily be obtained."

The land referred to is shown coloured green on the township diagram attached hereto, marked.

Section 58 of the Dominion Lands Survey Act, to which the Surveyor General refers, provides for a resurvey on a petition from the owners of the lands and a publication of the notice thereof once a week for four

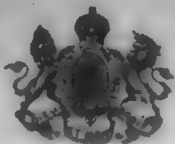

weeks

Gentlemen,

no
With reference to your letter of the 14th December last, stating that it is supposed that the true area of the fractional N.W. 1/4 of Section 15, Township 11, Range 11, West 4th Meridian, which the Canadian Pacific Railway Company has been permitted to purchase at \$10.00 per acre, is much less than the area shown upon the official plans of the Department, that is 26 acres, and asking that no patent may be issued until the plans of the Company's survey, signed by a Dominion Lands Surveyor, are submitted, I am directed to call your attention to the fact that the law requires surveys of Dominion Lands to be made under instructions of the Surveyor General, and that unless so made the survey cannot be confirmed.

I am further to state that it has been decided that unless the Canadian Pacific Railway Company is prepared to purchase the parcel applied for, containing 26 acres, as shown on the Township Plan, subject to the reservation to the Crown of a easement for an approach to the ferry, the sale of the parcel in question will not be authorized.

Your obedient servant,

Dear Mr. Scott:

RE BOXIE ISLAND WATER SUPPLY.

In connection with the portion of the northwest quarter of section 15-11-11-4 R., lying south and east of the South Saskatchewan river, and containing 26 acres, which is to be sold to the C. P. R. Co. at ten dollars an acre, the Home-stead Inspector who made the inspection and valuation of this land called attention to the fact that the approach to a ferry crossing was through this land and that there did not appear to be any other way of approach to the same. He recommended protecting the same in the event of purchase of the land by the Company.

The Deputy Minister of Justice was then asked to have prepared, for insertion in the patent proposed to be issued to the Company, a clause retaining an easement across the land for an approach to the ferry. In reply to this request, he said that the letter did not inform him where the ferry crossing was or from what part of the public lands the right of way was to start. If it would be convenient, he thought it would be well to attach to the patent a plan showing the right of way.

2.

The Company must have been requested to have this trail surveyed because I find on the file a telegram from P. McPherson, dated November 21, stating that he would send a surveyor's description of the right of way to ferry in a few days. Evidently this must be the survey about which you telephoned recently when you said that J. L. Doupe asked for instructions for the survey of this trail, that there were several trails and that he did not know which one to survey.

I would suggest that Mr. McPherson or Mr. Doupe should send me any plans or sketches they may have of the trails in question. It may perhaps be possible to prepare a description of the right of way which will meet the requirements of the Deputy Minister of Justice without having a survey made by a Dominion Land Surveyor. If a survey is necessary, the plans will permit to decide what it should consist of.

Yours very truly,

E. DEVILLE

Surveyor General.

It has been agreed to sell to the C. P. R. Co. the portion of the northwest quarter of section 15-11-11-4 lying south and east of the South Saskatchewan river, but on the recommendation of the Homestead Inspector, it was decided to except the approach to the ferry crossing.

The Company have now amended their application by leaving out the portion of the quarter section upon which the approach to the ferry is situated: the description of the land applied for is transmitted herewith.

I have suggested to Mr. W. L. Scott, the Company's solicitor, to file a declaration from their surveyor that the approach to the ferry is not on the land covered by the Company's application as amended.

Fr. S.E. 21-11-13. W.4th M. (East of River).
Fr. S.W. 21-11-13. W.4th M. (East of River).

The above described lands were withdrawn from reservation for stock watering purposes by Order in Council of the 7th December, 1926.

The Acting Commissioner, on the 6th January, 1927, furnished you with a copy of the Deputy Minister's memorandum of the 4th idem and gave instructions to take action in accordance with same. The Deputy Minister's memorandum is as follows:-

"It has been represented to this office that Mr. H. J. Scott of Grassy Lake, Alberta, wishes to secure the above land as an irrigation sale.

"There is no information on file in connection with this and you might see that the Commissioner of Irrigation at Calgary is communicated with to ascertain what information he has available on the subject.

"When his report comes to hand will you see that it is submitted to this office. In the meantime no disposition should be made of the lands."

The Agent was accordingly advised that no disposition was to be made of these lands until further advised.

Under date of the 9th ultimo the Reclamation Service advised that Mr. H. J. Scott does not desire to proceed further with his application under the Irrigation Act. It is noted from the Reclamation Service file that the Assistant Deputy Minister was advised to this effect on the 2nd of June last.

I submitted this case on the 27th ultimo and asked if the parcels in question may be made available for ordinary settlement.

On the 30th ultimo you asked the Timber and Grazing Lands Branch for a copy of Inspector Wilcox' report of the 28th September, 1926. A copy of this report has now come to hand and is as follows:-

Area fit for cultivation—nil.

General Remarks-"Referring to your letter of the 24th July last in connection with the above described lands I beg to say that these lands are not required for stock watering purposes either by stock on the open range or by stock owned by settlers living in the vicinity, or for furnishing water to settlers for domestic purposes, and the reservation of these lands is no longer required. In my opinion the S.E. 21 (N. of R.) Tp. 11, Rge. 18, W. 4th N. should be posted for homestead entry as Mr. Hugh Scott is desirous of making entry on same. The balance of Sec. 21 (N. of R.) 11-18, W. 4th N. is very poor land, rolling, also cut up with coulees and is not fit for agricultural purposes, or homesteading under the stock clause of the homestead regulations. and I would recommend that same be sold to Mr. H. Scott for \$5.00 per acre. Mr. Scott is an old timer in the district also a returned soldier and his intentions are to stay in the district and work into the sheep industry. Grazing is all these lands are fit for. There is only one family living between this land and Grassy Lake at the present time."

In furnishing this report Mr. McCann of the Timber and Grazing Lands Branch states that Mr. H. J. Scott has been advised that the matter of leasing these lands to him will be given consideration, provided he submits to the Agent of Dominion Lands at Lethbridge a properly completed application.

at the present time.

I assume that no further action is required

Dear Sir

I received a notice dated Aug 22nd stating that I am not complying with the provisions of the Dominion Land Act on my homestead. I am very sorry that I have been unable to live up to the present. but I have been doing the very best I could. I have a wife and six small children to support and when I arrived here I had nothing, so I had to work in town to make a living. Last year I hired 8 acres broken which cost me 5 dollars per acre and this year I had a lot of oats on it. I have 30 dollars worth of lumber on the place. I intended to make out last spring, and lumber hauled out from town.

to build, but a prairie fire went through
and burnt it up for me. It had taken
me a year to earn it, besides keeping my
family. so I had to stay on in town until
I could buy more. I have lumber out there
again now for a house 16 x 22 and by
the time you receive this I shall be
out there myself. I can assure you
that I have done the best I could
to make a home under the circumstances
and I came here with the intention of
staying. The young fellow who is trying
to cancel the place is single and he
already owns land in the country which
he has bought. hoping you will take this
into consideration and not be too hard

In reference to my application when in England for the purchase of my homestead, the N.W. 1/4, 28, 35, 25. W. 4. - I settled on the homestead in May 1897 & lived on it until April 1898, when I went up prospecting in the Peace River country, leaving a Mr. Wilson in charge of it & my cattle. I returned to the homestead from the Peace River in July 1899, & lived on the homestead then until November 1899 when I left for South Africa, again leaving Mr. Wilson on the place. I served in the South African War, & after I had got my discharge owing to sickness I went for a few months to Australia, & then returned to England, & when in England this summer I applied to purchase my homestead under the provision in the law in regard to 12 months residence, etc: In reply to that leave was given to me to make application for the patent for my homestead before Sir Richard Harington, County Court Judge, of Whitbourne, Worcester. I did not do so, as I decided to come out here again, & I thought that with reference to witnesses I could settle the matter more expeditiously here.

In the letter received from Ottawa, dated Sept. 2. 1902. it said, "I beg to acknowledge the receipt of your letter expressing a wish to purchase your homestead under the provision in the law in regard to 12 months residence, etc: - etc.

In the next letter received, in reply to mine, dated Oct. 2. 1902. no mention was made about the purchase of the homestead, but simply

a reference about obtaining the patent of the homestead, & a Patent form was accordingly sent to be filled in.

So I want to know now, as I have not quite complied with the conditions as regards length of residence on the homestead, if in consideration of my having served in the S. African War, I could still obtain the patent for it? The improvements are I think sufficient, but there is no breaking to speak of, as the land is chiefly fit for cattle, being rather hilly & poor. If I cannot obtain the patent, can I purchase the $\frac{1}{4}$ section in consideration of a 12 months residence on the land & the improvements put up, & if so at what price?

Having left England now (Hope End. Ledbury. Herefordshire), please address to me as above at Innisfail. Alberta.

Yours sincerely

Harold Hewitt.

I asked the Manager of the Bank of Montreal at Calgary to forward you the \$160 for my homestead, having decided to purchase it at \$1 per acre, so as to get the patent for it at once, instead of residing on it a further six months, & waiting till then to get the patent. The manager at the Bank instead sent me the draft for \$160 to forward to you, which I now enclose. I shall be going down to Calgary in a week's time, & shall be there for 3 weeks, so my address during that time will be at the Post Office, Calgary, & I would be obliged if on receipt of the \$160 you would send me the patent for the homestead to Calgary.

re N.E. 1/4 of 14-28-1, Test 5th.

Mr. E. B. Edwards, of Crossfield, who has a homestead on this land, has requested us to write to your Department to ask to be allowed to purchase his homestead at a price to be fixed. He has made considerable improvement in it, having had it fenced, a good frame house and 25 acres of breaking and in crops. He is a man with a number of children, whom he wants to attend school and if he lives on the homestead, he would be unable to send them to school as the school house is too far away. He will be prepared to pay a reasonable sum. Kindly let us hear from you and oblige.

Yours truly,

W. Stuart

Dear Sir:-

9

just reached Calgary a week ago Today -
 intended trying ranching for my health.
 I found that Mr. McDonald & his son,
 friends of mine & formerly of my home,
 Huntingdon Quebec had homesteaded
 in Township 27, Range 29, 7th Merid.
 and section 24. Another son Charles R.
 McDonald of Saranac Lake, N.Y. had
 applied as an application had been made
 for him for a homestead in the same section.
 That section is to be held for him till the
 25th of September.

Charles Mc Donald has decided not to take up a homestead now, so Mr. Mc D. asked me to go out and see this quarter section and if I liked it to apply to the Land Office and have it transferred from C. Mc Donalds name to mine. I was out yesterday and I liked it very much well indeed, so today I went to the Land Office - applied for it.

I was told that there was an irrigation deal between the Government & the C. P. R., in which the C. P. R. gets all the Government land in that vicinity, that if Charles Mc D. did not send in his application by the 25th, this homestead would be handed over to the C. P. R. and that they had no power to transfer it from his name to mine, but advised me to write to you, as you were the only one who had authority to do so.

The Mc Donalds have been family friends
 of ours for twenty years as you can understand
 that it will mean a great deal to a young
 fellow (I am 23) like myself, to have
 neighbors like them. There is no other
 Government land in that vicinity, so I have
 no idea where I'll go if I cannot get it.
 Of course there is and lots of other land
 but I certainly cannot get settled beside
 neighbors I have known before.

I am not asking for G. O. R. land but that for
 which application has been made & is waiting
 for the applicant & as he is not coming, why
 could not that be transferred to me?
 This may not mean much to you but to
 a young fellow like myself, it means
 considerable. I am writing to ~~J. A. M. Allen~~
 J. A. M. Atkins, K.C. who is Solicitor of

4

the C.P.R. at Winnipeg. He is a personal
 friend of mine & he will probably write you,
 if he gets my letter in time to write you
 before or by the 25th. W. S. McLean,
 M.P. for my home (Huntingdon) County
 is also a personal friend who would use
 his influence in my behalf but there is
 not time to write him. Thos. F. Weld, Medicine
 Hat, who is very well known through the
 West is also a friend of mine & told me
 I might use his name as reference at
 any time. Now, if at all possible, please
 transfer that homestead (Township 27,
 Range 29, 1/2 part of section 24.
 Kindly telegraph an answer (at my expense)
 to the Land Office here before or by the
 25th of this month and oblige
 yours respectfully

Dear Mr. Bryant

Dear Mr. Bryant:-

When Smith in Let by, I was thrown
forward on the horn of the saddle, while riding with cattle
and ruptured. I have been wearing a truss but it is not satisfactory
+ I have been advised to have an operation. I at first intended
going to the general hospital at Calgary but found I could
get Dr. Hanson's surgeon, Mr. Hanson, to come here
to my home + perform the operation here. There is
a nurse graduate in town who will take charge of the case
so it will be just as well as at the hospital + much
more comfortable. I am to have the operation Dec. 5th +
will probably be confined to bed for three weeks perhaps longer,
so there is a possibility I may not get to my homestead
till a week or two after Jan. 1st as I am supposed to.

I write a few lines a little to my motherland I will
Calgary, explaining circumstances. She there should have written
two of experience enclosing a doctor's certificate what I am unable
to leave here it would be perfectly satisfactory, would it not?

To Hon Minister

Of The Interior 1994 ✓

Dear Sir

In looking over my deeds issued by the Canadian Government covering the rights and privileges of a Homesteader I noticed that the deeds issued to me for Homestead NE. 1/4. 30. 40. 26. W. 4 granted to me the mineral privileges or rights. This was my first Homestead and was in order. But in issuing to me my second Homestead Right which was not taken up until 1907 Twenty Four years after I took my first. Now this second privilege of Homesteading Belonged to me in 1883 and should have a Reserve Mineral Right that belonged to the Homesteader. But in looking at the deed I find written across the face of it all rights Reserved to the Government in red letters which I think should not have been. Even if I had not taken up my Right until the present. The mineral rights belonged to me because the mineral rights and privileges Belonged to 1883 and should have been a Mineral Grant and privilege of that. I think you will see my point and grant consideration due in my Behalf

5032260

I took this matter up with Mr Burgess who was
 Minister of the Interior in the year after the
 rebellion of '65 - who met my Contribution with favour
 but I neglected it - untill the present - owing to
 the Inactivity of those privileges But now that
 there is such a desire to bore holes in the prairie
 I thought I might have an asset - that would
 work to me with profit. I hope you will favour
 me with Consideration in this matter and let
 me know what you think about it - Of course
 my life here is spread over all the days of
 Civilization in this part and will carry you back
 a life time I trust - you will meet me with

Replying to your letter of the 14th ultimo applying for a supplementary free grant of the mineral rights in connection with the North-east quarter of Section 32, Township 39, Range 20, West of the 4th Meridian, your second homestead, which was patented to you on the 2nd March, 1906, the mines, minerals and irrigation rights in connection therewith being reserved to the Crown, I beg to inform you that the Department cannot accede to your request as there is no authority under which it could be favourably considered.

[Handwritten mark: C]
The date on which an entry is secured for Dominion Lands governs reservations that are inserted in the patent for those lands, and as your entry, (Second Homestead) for the quarter section in question was secured on the 20th September, 1902, it was necessary to insert in the patent therefor the reservations in force at that date.

At the date mentioned, 20th September, 1902, patents for Dominion Lands reserved to the Crown the mines, minerals and irrigation rights in connection with the lands covered by the patents and these reservations were properly inserted in the patent issued to you for the North-east quarter of Section 32, Township 39, Range 20, West of the 4th Meridian.

In view of a letter to our Minister by the Honourable H. Guthrie enclosing one from Mr. Edward Barnett of Stettler, Alberta, who asks that his homestead be protected against a Court Order to pay \$5,575.00 damages as a result of a motor accident, the Assistant Deputy Minister has asked for any information we may have regarding same.

Edward Barnett obtained patent for his first homestead the N.E. $\frac{1}{4}$ 30-40-26 W.4th M., in July 1906, and for his second homestead the N.E. $\frac{1}{4}$ 32-39-20 W.4th M., on the 2nd March, 1906.

In view of the fact that patent in each case has issued, the control of such lands has passed out of the hands of this Department and it would not appear that we are in a position to assist him in any manner.

Dear Mr. O'Brien,

Dom. Lands Branch. The Minister of Justice has referred to me your letter of the 30th ultimo, in which you ask that your homestead lands be protected against a Court Order to pay \$6,575.00 damages resulting from a motor accident.

Blue
Inasmuch as patents have been issued for your first and second homesteads, the N.E. 1/4 30-40-26 West of the 4th Meridian, and the N.E. 1/4 32-39-20 West of the 4th Meridian, control of these lands passed out of the hands of the Dominion and there is nothing I can do to help you. You do not give the circumstances of the case but it would appear that your proper course of action is to consult a lawyer and obtain his advice as to whether you have grounds for an appeal against the judgment to which you refer.

Yours very truly,

Mr. Turriff,

Mr. Ben McGovern, of Lethbridge, has asked to be permitted to purchase or lease a strip of land about 50 acres, more or less, lying on the North side of Belly River and West of his homestead, being a portion of Section 25.

The land applied for is a stock watering reserve and Mr. Burley recommended that it be withdrawn from the list of reserves. As the reserve is within an odd-numbered Section, it was included in the list sent to the Railway Company in order that they might select it if they desired to do so as a portion of their land subsidy. It appears, however, from the report from Mr. Young's office, that Section 25 does not form a portion of a railway land grant. If this had been known in time, the reserve could have been included in the list of lands to be sold this month, but it is now too late to insert it.

220 / Please say whether the application made by Mr. McGovern can be granted, or whether it would be better not to make any disposition of the land at the present time. If, in the future, other stock watering reserves are being sold, the one in question could be included in the list.

220 /

Mr H. O. Coté,
Controller Land Patents Branch.

Re H/2 25.-8.-23.-W 4th M.
East of River.

This land was sold to Mr Benjamin R. R. McGovern on the 11th of June, 1906, by public auction, at \$3.00 an acre, without any other condition than that of the completion of the purchase price. The area of this land, at the date of the sale, was 138.10 acres, but according to a new survey which has just been completed, the area of said land is only 84.10. Mr McGovern's account having been adjusted accordingly, ^{on the payments already made} shows an overpayment of \$31.73. I beg to recommend that a refund cheque for this amount be sent him and that a patent be issued in his favour.

Sirs,

Re: N. E. & S. E. 25 - 6 - 28 - 4th.

Mr. Ben McGovern of Lethbridge, Alberta, claims that he should only be assessed for approximately ninety acres from 1906, whereas our records show 114.35 acres on the N. E., and 23.80 acres on the S. E. which was in accordance with the old survey. He claims that this land was reduced on account of a washout by the river in 1902 and that you have adjusted this land according to survey made in 1913.

I would appreciate very much if you could give me definite information in connection with this because he would evidently be entitled to a refund for over-payment of taxes.

Dear Sir,

Re cancellation of
my homestead N.W. 34-51-26. I beg
to say that before and since I
made application and entry for above
I have lived within one mile of same
and have this summer cleared ready
for breaking about 15 acres and
have $\frac{3}{4}$ of mile of fence posts in
the ground ready for the wire when
time permits. I took out last winter
about 100 logs for building purposes
and am starting to put up buildings
right away and it is my intention
of living there forthwith. It must be
understood that to winter my
stock 6 horses. 18 cattle 43 hogs etc
considerable building has to be done
but I expect to be in residence on
said land by the middle of Dec^r.
The reason I have not lived on same
before is that I have farmed 125
acres of land this summer and
consequently had very little time to

space, although I might say that
all my available spare time has
been put on said land, clearing and
fencing. I would have broken land
this fall but do not consider it
in the interest of the land to do so
the only proper time to do same
being in the summer. You will
readily see that I am a legitimate
settler and entitled to your favorable
consideration.

Yours Truly.

Edmonton, Alberta,

Dear Sir:-

re : Arthur R. Tomlinson. (Dec.)
Dominion Seed Grain Advance.
N.W. 1/4-34-51-26-W4th.

In the year 1908 this party obtained an advance from the Dominion Government in respect of which a payment of \$75.00 was made, and the account stands as follows:-

Seed Grain Principal	\$ 96.80		
Paid	<u>48.14</u>	\$ 48.66	* 48.66
Interest	\$ 26.86		
Paid	<u>26.86</u>		

Further interest to July 31st, 1938,

60.14 (31-339) 61.79
108.80

The Department of Mines and Resources at Ottawa reports that Mr. Tomlinson gave as security for this advance a lien against the above described land, his entry for which was cancelled in 1910. In 1913 Samuel C. Leonard made entry and paid the sum of \$75.00 for improvements left by Mr. Tomlinson, which amount was applied in reduction of his indebtedness. According to information on file Mr. Tomlinson died in the Fall of 1910.

There is, therefore, no security for this account which I would recommend be written off in its entirety.

Yours very truly,

Wm. Loree

Dear Sir:

Re: SW $\frac{1}{4}$ -18-32-3-W.5th.M. Ole Johnsrud.

The Patent for this homestead was granted in September or October of the year 1906, or thereabouts and at that time Mr. Ole Johnsrud would have to produce his Naturalization Certificate.

This man passed away last year and his wife Mrs. Alette Johnsrud is making application for an old age Pension and must produce evidence that her husband was Naturalized in Canada.

I understood that Mr. Ole Johnsrud obtained his Naturalization Certificate which was issued about the second day of August 1905, and if this Certificate is on file in your office or you have record of it, would it be too much to ask you to send a letter to me to be produced and attached to the application for Old Age Pension which would show that Mrs. Johnsrud's late husband was Naturalized in Canada.

I don't know of any other way to show this and as Mrs. Johnsrud is about 78 years of age and is in need of the Pension she could not now apply for a new Naturalization Certificate as it would take several months to obtain this.

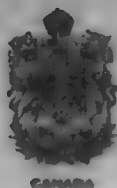

Thanking you in anticipation of an early reply,

Yours faithfully,

J. Channing

Sir,-

Sec 28 1/2 Rge 27 West 4th Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that during the recent session of Parliament an amendment to the Dominion Lands Act was passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Edmonton 6th Feb

Sir,

I have the honor to acknowledge the receipt of your letter
dated the ~~enclose~~ File # 3347 Relating
to Arthur R Moody N^o 16-52-87 644²
There has been considerable Correspondence
about the matter, Moody has been
in continuous residence for several
years. The place was first located
by William Dechenau. whose buildings
were burned by prairie fire in 1885
he then appeared to have abandoned
it, as he took no notice of the notice
sent him. In 1888 Moody wrote
asking to have the land held for
him. The only question arising
in my mind, is, should he pay for
the land broken by Dechenau
in 1882. I have referred it to Mr
Coleman, who says the land broken
in 1882 & left for some years, without
cropping would be valuable
kindly advise. Moody applied
yesterday to make his entry.

I have the honor to be,

Sir,

Your obedient servant, "

W. A. Macdonald

Agent of Dominion Lands.

Mr. Hall,

An application has been made for a lease for grazing purposes of a School section near Calgary, and the Agent of Dominion Lands at that place reports that he sees no reason why a lease should not be granted, but he mentions that the cows belonging to the people living in Calgary are accustomed to graze and be herded on this section and are now being grazed there, and that he fears it would cause trouble if a lease were issued.

Both Mr. Cheeky and myself are of the opinion that under the circumstances it would be better not to issue a lease.

In reply I beg to advise you that I have

In view of these facts would you please advise us whether a withdrawal of these seed grain liens as against the property in question can be arranged, as otherwise it will be necessary to take foreclosure proceedings to obtain a clear title for the prospective purchaser. We are prepared to see that the proceeds of the sale, less the expense of obtaining a clear title, will apply on the mortgage, and no part thereof be paid to Mr. Dick.

Dear Sirs,

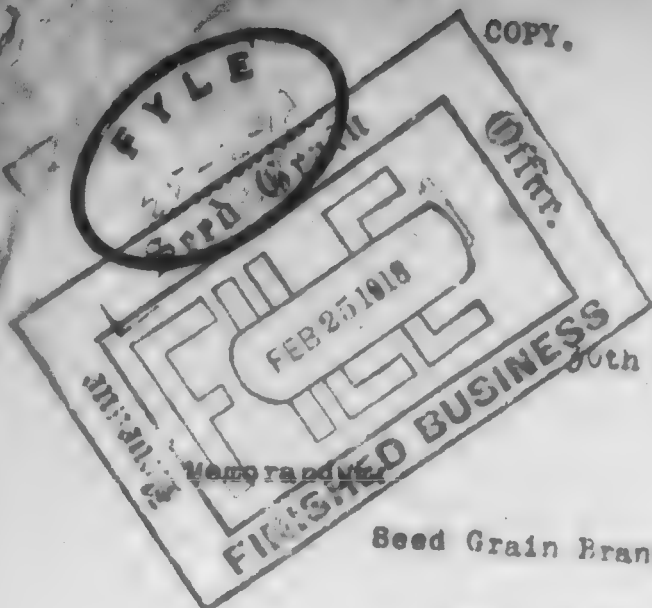

Re Dick and Towers.

There are two seed grain liens against the property of Albert A. Dick for \$34.00 and \$234.15 registered the 17th of April, 1916 and the 29th of March, 1916, respectively.

Mr. Dick is the owner of a leasehold title to property in Banff described Lot 26, Block 9, according to a plan of part of Rocky Mountains Park of Canada of record as Plan "A" Rocky Mountains Park, which is subject to a mortgage in favor of our client Francis Towers for \$9900.00, dated April 10th, 1914 and registered July 18th, 1914. The property is a summer cottage in Banff and one mortgage of course covers other properties.

Mr. Dick has arranged a sale of this property for \$600.00 and the mortgagee has agreed to discharge his mortgage as to this property on receipt of the purchase price. The obligations under the said seed grain liens were not incurred in connection with the property in question, as it is not a farm property, and as the mortgage is dated the 10th of April 1914, and registered the 18th day of July 1914, it is of course prior to the liens in any event.

Re A.A.Dick.

I beg to return herewith a letter of Messrs. Savary, Fenerty and Chadwick, Barristers Calgary with reference to seed grain liens against the property of Albert A. Dick of Banff, Alberta.

The withdrawal of the seed grain lien from this lot would appear to be a matter of policy and one to be decided in so far as it affects your branch.

So far as this branch is concerned the lease has been issued for the lot in question and the lessee is free to encumber his title to the same.

We are interested in a transfer of the leasehold interest in a property and such transfer is subject to the approval of the Department.

I am forwarding Head Office files 632501 and 722645 which appear to relate to properties held by Mr. Dick.

Ottawa 23rd January, 1912.

Sir,

Referring to your letter of the 25th of February, 1912, file #45624, I beg to inform you that Mr. A.E. Hunter called, yesterday, at the Head Office and offered the following explanation as to his ownership of the South East 1/4 of Section 17, Township 11, Range 22, West of the 4th Meridian, and why he is unable to furnish, at present, the necessary proof.

Mr. Hunter produced a transfer of the land to himself and Mrs. M.J. Stewart, dated the 24th of July, 1907, executed by Mrs. M.J. Stewart as the executrix of the estate of the late W.R. Stewart. This transfer, however, was never registered, and it seems that afterwards Mrs. Stewart, in her official capacity as executrix, borrowed money from the Crown Life Assurance Company on a mortgage on the property of the estate, consisting of a large tract of land. By some means the 1/4 section in question was included in

The Agent of Dominion Lands,

Lethbridge, Alta.

in in the mortgage. This fact and the absence of registration prevent Mr. Hunter from filing a certificate of title as to his ownership. He has been advised that he should register the transfer in his favour and get the Crown Life Assurance Company to release the land from the effect of the mortgage, after which, on obtaining an abstract of title, he will probably be in a position to satisfy the Department as to his interest in the land so as to dispose of his application for patent.

Mr. Hunter will communicate with his lawyer, Mr. R.P. McNeill, of Macleod, Alberta, who will write to you on the subject.

Your obedient servant,

(1) Sir: Re H.O. letter of the 30th ultimo, file 724167 re S.E. $\frac{1}{4}$ and E $\frac{1}{4}$ of the S.W. $\frac{1}{4}$ -20-51-1-W-5-M.

(2) In reply I beg to say that the location by Maggie Bellecourt of the above land does not conflict with the location of Samuel McCardia and others for homestead entries.

(3) On going over Tp 51-1-W-5-M I find that:- J.B. Meisner whom at one time applied for the S.W. $\frac{1}{4}$ -10-51-1-W-5-M incase it was taken out of the Timber Berth has entry for the S.W. $\frac{1}{4}$ -12.

(4) That David McCardia has entry for the S.E. $\frac{1}{4}$ -14-51-1-W-5-M, that Samuel McCardia has entry for the S.E. $\frac{1}{4}$ -16-51-12-W-5-M, that William J. McCardia should be notified that he can make entry for the N.E. $\frac{1}{4}$ -16-51-1-W-5-M upon which he is squatting, and that Roy McCardia should be notified that he can make entry for the N.W. $\frac{1}{4}$ -16-51-1-W-5-M, upon which he is squatting. These notices will be sent to day.

(5) That Robert J. Hanson who desired to have the W $\frac{1}{4}$ of 10 and all of 16 & 20-51-1-W-5-M held for him if available gave his verbal consent that a land scrip could be located on the S.E. $\frac{1}{4}$ and the E $\frac{1}{4}$ of the S.W. $\frac{1}{4}$ -20-51-1-W-5-M.

(6) Your letter has drawn my attention to this Township and notices are now being sent out to the different parties regarding their desire to make entry for different $\frac{1}{4}$ s therein.

RECEIVED

Re H. O. letter of the 23rd of October last, Fyle 723620,
and H. O. letter of November 17th instant, Fyle 723620. It
does not appear by our records that the location by Mr. H.
Heaver of the N.W. $\frac{1}{4}$ - and E $\frac{1}{2}$ of the S.E. $\frac{1}{4}$ -22-51-1-W-5-M and
L.S.4 and the S $\frac{1}{2}$ of L.S.5 of 20 51-1-W-5-M., conflicts with
the land applied for by Samuel McCardia and others as homesteads.

In my letter of the 11th of October last to the Head Office, in reply to H. O. letter of the 30th of September, 1902, File 724167, I endeavored to point out just what lands had been applied for and entered for by the McCardias and others in Township 51-1-W-5-M.

In going over our records I cannot find any confliction either regarding the S.E. $\frac{1}{4}$ - and the E $\frac{1}{2}$ of the S.W. $\frac{1}{4}$ -of 20-51-1 W-5-M., mentioned in your letter of September 30th, nor with the N.W. $\frac{1}{4}$ -and the E $\frac{1}{2}$ of the S.E. $\frac{1}{4}$ -of 22 $\frac{1}{2}$ -51-1-W-5-M., and the S $\frac{1}{2}$ of L.S 5-20-51-1-W-5-M., with either application for entry or actual entry or notice ^{from} ~~that~~ parties, that parties would like to make entry for the lands above mentioned, although there is more than one Fyle against these Lands and the records are hard to follow in the matter, there being so many memos made thereon.

ADMINISTRATIVE SERVICES

Sir,-

N.E. 4 Sec. 14 Tp. 42 Rge.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that during the recent session of Parliament an amendment to the Dominion Lands Act was passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

INTERIOR DEPT. OTTAWA

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Your obedient servant,

Dear Sir:-

With reference to your inquiry of the 28th of September, our records show that in the Sworn Statement of Edward Oliver Bell, in support of his application for patent for the S.E. 1/4 of 34-49-13 W.4 M dated the 11th of December, 1911, he gave his age as twenty-four years. Unfortunately, we have no record of the actual date of birth as in the declarations in connection with Dominion Lands, only the age at that time was given.

Yours very truly,

because I am prevented, by the necessity of living on it during the next three months
from bettering my position for the coming year. I am at present teaching in the only
school in the district in which my land lies, but as this is a small country school I wish
to leave by first of next year. I have been offered several schools under
better conditions than at present, but have been unable to accept for the
above stated reason.

because I am prevented, by the need of living on the place for the next three months, from bettering my position for the coming year. I am at present teaching in a small country school which of course offers no advancement. I wish to leave by June at the latest. I have several better offers made me but for the above reason have been unable to accept.

Dear Sir, -

About a year ago my brother-in-law, Mr. F. Nelson, obtained possession of the N $\frac{1}{2}$ of Sec 2, Tp. 51, R. 26, N. 4. W. 4. There is a narrow strip of land going between this property and the North Saskatchewan River, comprising about 83 acres which he wishes to purchase from the Government. The land is practically free now to any other party than the owner of the N $\frac{1}{2}$ of Sec. 2. I have written to the Dominion Land Agent at Edmonton and he has advised me to write you regarding the matter.

Dear Sir,

Replying to your favor of November 25th re 83 acres between N $\frac{1}{2}$ of Section 2, Township 51, range 26 West Fourth Meridian.

I am very much disappointed to learn that this small parcel of land has been homesteaded as I was under the impression that the North half of Section 2 ran to the river and it is so shown on the map in my possession.

Might I request you to give me full reference to the homestead entry against the South half of Section 2, showing date of entry, name in full, address, official reference to entry number, etc.

Thanking you for the courtesy you have manifested in the matter, and awaiting a reply at your earliest convenience, I remain,

In reply I beg to say that the location by Maggie Bell e-court of the above land does not conflict with the location of Samuel McCardia and others for homestead entries *by our records.*

On going over Tp 51-1-w-5th-m, I find that:-
J.B. Meisner who at one time applied for the S.W. $\frac{1}{4}$ -10-51-1-w-5-m in case it was taken out of the Timber Berth has entry for the S.W. $\frac{1}{4}$ -12.
That, David McCardia has entry for the S.E. $\frac{1}{4}$ -14-51-1-w-5-m, that Samuel McCardia has entry for the S.E. $\frac{1}{4}$ -16-51-1-w-5-m, that Wm J. These notices will be sent out to day.

That, Robert J. Manson who desired to have the W $\frac{1}{2}$ of 10 and all of 16 & 20-51-1-w-5-m held for him if available gave his verbal consent that a land scrip could be located on ^{the S.E. $\frac{1}{4}$ of} the E $\frac{1}{4}$ of ~~and~~ the S.W. $\frac{1}{4}$ -20-51-1-w-5-m.

Sir,

With further reference to your letter #724167 re our application to purchase the N 1/2 of L S 5,20-51-1 W 5th Mer; might we respectfully request you to reconsider your decision in this matter. The amount is small, only 20 acres, and we require it to fill out the half section. We are selling this to an actual settler who intends to improve the land at once. This small piece is of no use to any one else, no one would take it up as a homestead and if we are not allowed to buy it, it will remain as it is - unimproved.

For these reasons we would ask you to allow us to purchase this 20 acres.

Sir,

I beg to inform you that on the 26th July last Mr. Alba W. Winslow made application to homestead the S. W. 1/4 of 36 - 9 - 27 - West of the 4th Meridian, but as there were improvements on the land the entry could not be completed. On the 30th July I asked the Sub Agent to inform me who made the improvements and when they were placed on the land, and he said that William Gray who lived on the N.W. 1/4 made the improvements on the S.W. 1/4. It appears that in 1891 Mr. Gray and his partner, in the Ranching business, located on the West half of 36 - 9 - 27 - West of the 4th Meridian and made improvements thereon in the form of breaking and fencing, with the intention of each taking a quartersection. Two years after locating Mr. Gray dissolved partnership and entered for his quarter section, but the partner never made entry and Mr. Gray has been improving the land ever since. I enclose herewith a letter H from Mr. Duncan J. Campbell and will be pleased to receive your instructions in the matter.

I am instructed by Mr. A. W. Winslow, of this place, to enquire what is being done about his application to enter as a homestead for the S.W. 1/4 of section 36, township 9, range 27, W 4th. No doubt you have a record of this application in your department. The application to enter for this land was made by Mr. Winslow on August 30th 1902. Owing to the fact that there were no improvements on this land, the entry was accepted, as I understand it, on form 90, and was sent to Lethbridge. The improvement consisted of about 40 acres of plowing, and about a mile of fence put on by a man named Wm. Gray. Mr. Winslow was informed that the homestead inspector would be sent to inspect this land, but the matter would be then promptly settled. The homestead inspector has not yet visited this land, or, so far as we are aware, on it. The last time he was here, he had no statement of the 9th Sept. last, the agent at Lethbridge wrote Mr. Winslow that he was unable to accept his entry for this land until he decided what action would be taken by the department regarding the Gray improvements. On the 2nd October he again wrote that he had that day asked the homestead inspector to visit the land. On the 15th December he still further wrote in an anxious letter written by Mr. Winslow, saying that he had received the inspector's report, to whom he was sending his letter. Since then Mr. Winslow has heard nothing about the matter. He is staying about her at considerable

expense, and is naturally very anxious to have the matter settled one way or the other. I do not of course understand under what right Mr. Gray is holding this place, or by what authority he put on the improvements in question. It does seem however as if it was not altogether reasonable that Mr. Winslow should have been kept waiting since the last of August to have his case decided. I might just mention that Mr. Winslow is one of the new settlers coming into this country, and I would urge that it is very much in the interests of the country that these cases should be decided with as little delay as possible. I feel sure that now it has been brought to your attention, your department will exercise its accustomed promptness in dealing with the matter.

 Department of the Interior

The Agent of Dominion Lands at Lethbridge advised the Department on the 9th instant that Mr. J. A. Bare, of Cowley, had squatted upon the North East quarter of Section 26, Township 8, Range 30, West of the 4th Meridian, which land is reserved for stock watering purposes. On the 23rd instant, the Agent of Dominion Lands was advised that as this land was to be continued as a reserve, it would be impossible to permit Mr. Bare or any person else to take possession. The Agent on the 9th instant advised Mr. Bare that he could not live or make improvements thereon without special authority from Head Office, and suggested that he write to the Department giving his reasons for taking possession of the land. Mr. Bare now writes informing the Department that he had looked over the country and filed an application for one quarter section, at the same time sending the money, but both were returned to him. He finally settled on the North East quarter of Section 26, Township 8, Range 30, West of the 4th Meridian, it being unsurveyed, and he was told that it was not a reserve. On the 24th April he moved on the land, built a house, broke about 15 acres, and sowed some wheat and oats. Upon hearing that this land was reserved for stock watering he wrote to the Agent at Lethbridge, and herewith forwards the Agent's answer to the above effect. Under these circumstances he wishes to know whether some arrangement could not be arrived at by which he can obtain this land.

To the Minister of the Interior
Hon. Sir.

12- I homesteaded the N.E. one half years and lived in it for three and
It was very rough and covered with scrub
I did not get on very well, I worked hard for
three years and barely got enough cleared to get
my deed. I got behind and was compelled
to sell my place to pay my debts, and all
I could get for it was \$750. After I had paid
my debts, I had nothing left but a few acres
of cattle, which I brought to this place
I have worked here one year, I intended to
buy 1/4 of R. R. land, but the price has
gone up so high before I could earn the
money to make a payment that I find it
impossible to make a payment.

This is altogether a better locality, open
prairie, I am sure that if I had come here
in the first place I would have gone all
right, but I was a stranger and could
not afford to look over the country therefore
I made a mistake.

Now if you will give me the privilege
of making a second entry I would stay
one year ago, The person has not perfected
entry and is not likely to. If you could
fit to grant me the request, I would like
me this 1/4 cancelled in my favor

have a Wife and 3 children which I have to
support and if I can't get a second home
will have to move to some other locality
ply to the U. S.
hoping this you will not find this letter
long for your attention, for I am
very much interested.

G.P.
Sir,

With reference to your letter of the 28th ultimo, in the matter of Mr. John G. Gilmour's application to be allowed to purchase that portion of the South East quarter of Section 6, Township 38, Range 2 East of the 5th Meridian; I beg to say that, until it is shown to the satisfaction of the Department that Mr. Gilmour is a bona fide settler, the application being made out upon the form prescribed by circular letter of the 20th ultimo, H.O. Ref. 615228, no sale will be made of this land to him. You could hold the land applied for for a reasonable time, and in the event of another applicant coming forward you might notify Mr. Gilmour to take such action as would satisfy the Department of his bona fides. It must be understood, however, that the application, if made, must first of all be submitted to Head Office for consideration.

It would appear better if Mr. Gilmour were to make a homestead entry for the land he wants, which would probably meet the case.

In this connection please refer to your letter of 20th July, 1900, Lr. 14511, respecting the application of Mr. Frank T. Aslakson to homestead the S.W. $\frac{1}{4}$ of Section 6, and to purchase the S.E. $\frac{1}{4}$ West of river. On the 21st August last you were written to that he could homestead and purchase the fractional half section. How does this application stand today?

Your obedient servant,

P. G. KEYES

Gentlemen - I have made no improvements on my homestead as yet, but intend going out it to live in the spring.

It would be a great convenience to me to work at my present employment (am working for P. Burns & Co) until spring. I can get better wages here ^{in the winter} and would give me a better start toward improvements. What would be the requirements for a six month leave of absence.

Please answer soon. Yours - George Wesley Ferris

IN THE MATTER OF

NORTH WEST TERRITORIES

T O W I T.

The South West quarter of Section 28 Township 13 Range 27 West of the 4th Meridian, and the homestead entry thereon of Francis R. Russell:

I Francis R. Russell of Staveland in the District of Alberta in the North West Territories, Farmer, do solemnly declare:-

1. THAT I was permitted to enter upon as a homestead the South West quarter of section 28 in Township 13 in Range 27 West of the 4th. Meridian some time in the Spring of 1902 but my business did not permit me immediately to take possession and an extension of time was applied for and granted by the Department of the Interior:
2. THAT in or about the month of October 1903 I commenced my homestead duties on said quarter section by taking up my residence with my father on an adjoining quarter of the same section and having about ten acres of my quarter section broken and fencing two sides of my quarter section, approximately one mile of fence. I continued in residence until almost the end of 1903. I then went away for the winter to engage in other employment to earn funds and returned to my residence with my father and the continuance of my homestead duties on the quarter section in question about the end of March or beginning of April 1904 and continued then in residence until the end of May 1904 and that Spring sowed the broken land with oats. I then returned to my former employment for a short time but again returned about the end of July or beginning of August 1904 to my residence and homestead duties and continued there until the end of September or beginning of October 1904 when I again went away returning about the end of October or beginning of November 1904 and continued in residence as before until about Christmas 1904 when I again went away and I have now just returned intending to continue my residence. During the Fall of 1904 I had an additional

upwards of six acres broken on my quarter section and the same fall I had sowed and there is now growing thereon a crop of fall wheat on approximately twelve acres. I also dug a well on my homestead during 1904.

3. THAT altogether since the perfecting of my homestead entry I have been in actual residence on my father's quarter section adjoining my homestead eight months, six of which were during the year 1904 and I have always intended and tried to perform satisfactorily my homestead duties with a view to ultimately obtaining my patent to the lands in question:

4. THAT I am now twenty-one years of age:

5. THAT I have never received a notice of any application to cancel my homestead entry though I have some recollection of being told or hearing in some way during the fall 1904 that such an application was being made and I understood that my father was submitting evidence to the Department on my good intentions in order to protect my entry and have always believed that same was protected:

6. THAT I am informed further and believe that similar evidence to that contained in this Declaration was submitted in October 1904 to the Department of the Interior in connection with the entry made by my brother J. J. Russell on the South East quarter of the same section and that this entry was protected and cancellation refused and that similar evidence was submitted with like result as regards my father's entry on the North West quarter of the said section and if my quarter section was not referred to in the evidence then submitted to the Department it was intended that it should have been and I am further informed that the correspondence I now refer to is on the Departmental file number 724467.

AND I make this solemn declaration conscientiously

Mr Frank Oliver M.P.
Dear Sir

May I beg your kind assistance once more for the following. Some time ago I wrote and asked the department of Interior if they would hold the fractional N.W. $\frac{1}{4}$ S. 14. R. 22. T. 40. west of the 4th meridian for my son Allan Gagnon until he attained 18 years of age this month. We find by actual measurement of the said quarter that there is only about 52 acres out of the waters of Buffalo Lake as it is very high at present, and my son is not satisfied with that small amount of land and there is no other government land available near me, our only option now is to try and buy it from the Department - a strip of that fractional $\frac{1}{4}$ section bars me from the Buffalo Lake my only available watering place in winter for my stock. I would have been very pleased to have had my

only son beside me - and I concluded
if I could buy that fraction from
the government my son and I
could manage all right with my
own $\frac{1}{4}$ section added.

The accompanying diagram
will give you an idea as to how
we are situated

Will you please use your influence
with the government so I may get
a chance of acquiring the above
fraction from them

I will be under a great obligation
to you if you will please help
me -

I would like to keep my boy with me
in Alberta

Yours Truly

Daniel Gagnon

Dear Sirs:

Re: Henry Taylor or John Henry
Taylor, Pincher Creek, Alberta.
8-53182

The above named is applying for an Old
Age Pension, but is unable to obtain proof of age.

It appears that he homesteaded the S.E.
1/4 Section 22, in Township 5, Range 29, W 4th M in
Alberta, many years ago. He has the Duplicate Cer-
tificate of Title which is dated September 28th,
1904.

It has been suggested that you might
have evidence of his age on the homestead records.

If you will look into this and advise
me accordingly, I shall be obliged.

Yours truly,
